RUSSIAN STRIKERS ISSUE MANIFESTOS

Clamor For Free Government and Dethronement of Czar.

STRIKE SPREADS IN THE EMPIRE

Ancient Nation Throbs with Excitement and Fear of Bloody Revolution—All Business Practically Suspended in St. Petersburg.

St. Petersburg, Jan. 24.—2:25 p. m.—St. Petersburg wears a martial aspect today. Everywhere troops have been drawn into court yards. Only pickets are left outside, and small squads of Cossacks are patrolling the streets. The stores along the principal thoroughfares are mostly closed and barricaded.

The correspondent of the Associated Press noticed several men distributing proclamations. The people formerly were shy of accepting such documents; now they are eagerly accepting them and have nick-named them "lastotchke" (swallows), an allusion to the spring which has become a synonym of evolution. The correspondent secured a number of copies. They are all signed by "th eRussian Social-Democratic Labor Party."

The proclamation dated Jan. 22, read:

"Comrades! So long as autocracy exists no improvement in our condition is possible. Therefore we continue to inscribe on our banners the following demands:

"The cessation of the war.

"The summoning of a constitutional assembly of representatives of the people, universal suffrage and direct, secret ballot.

"The removal of class and race privileges and restrictions.

"The inviolability of the person and domicile.

"Freedom of conscience, speech and the press; meetings, strikes and political associations.

A second proclamation, dated Jan. 23, says:

"The protelariat of all countries are united.

"Citizens, you have witnessed the bestial cruelty of the autocratic government. You saw blood flowing in the streets. You saw hundreds slaughtered defendants of the cause of labor. You saw death and heard groans of the wounded women and defenseless children! The blood and brains of workingmen were spattered around where their heads had been laid. Who directed the soldiers to aim their rifles and fire bullets at the breasts of the laborer? It was the emperor, or the grand dukes, the ministers, the generals, the nobles of the court!

"They are the murderers! Slay them.

"To arms, comrades! Seize the arsenals and the arms at the depots, and at the gunsmiths. Lay low the prison walls. Liberate the defenders of freedom; demolish the police and gendarmes' stations, and the government and state buildings! We must throw down the emperor and the government, and must have our own government!

"Long live the revolution!

"Long live the constituent assembly of the representatives of the people!"

A third proclamation appeals to the people not to attempt to injure private property.

The wildest rumors are in circulation. A mob is reported to be marching on the Tsarskoe-Selo to see the emperor as the multitude marched to Versailles to ask King Louis XVI of France, for bread in 1789, but the story is utterly without foundation. In certain quarters, where the woes of Russia are always laid to the door of Great Britain, the feeling aainst the British had become intense. It being charged that the British are furnishing money to bring about a revolution.

St. Petersburg, Jan. 24—11:10 a. m.—The night was quiet. There are no signs of undue excitement this morning, although thousands of workmen are strolling through the street.

A number of government printers resumed work this morning.

An official account of yesterday's events is as follows:

During Monday there were collisions between the strikers and the troops. Detachments of soldiers had no need to use their arms as the crowds dispersed when the troops appeared.

In the cours eof the day an attempt was made to attack Gostinny Dvor market, but it was repulsed. Workmen at the electric stations joined the strike in the evening. Then some groups taking advantage of the darkness began to break windows in the shops; but order was everywhere quickly restored.

No person was killed or wounded on Monday. The exact number killed on Sunday was 96; wounded, 333, of whom 53 were treated at hospitals.

Strike at Moscow.

Moscow, Jan. 24.—11:15 a. m.—The strike is spreading rapidly. All the printing works have been stopped. No newspapers will be issued tomorrow. Thus war there have been no collisions with the police.

Employes of tanneries who are out on strike remain quiet.

The police have ordered all arms to be removed from the windows of the gunsmiths, a majority of whom have closed their shops.

Employers of Bachrushin Michaeloff, Linder and Schraeder factories, have joined in the strike.

A body of strikers at noon today forced their way into the works of the firm of Hopper and compelled 500 men to join the strike. Simultaneously factories and other works were closed throughout the districts adjoining Danielcff street.

Strike Spreading to Other Towns.

Vienna, Russia, Jan. 25.—A strike has commenced here. The town is quiet.

Kovno, Russia, Jan. 25.—Work has been stopped at all the factories and railroad shops here.

Warsaw, Jan. 14 - The strikers here at noon today totalled 10,000.

Trieste, Jan. 25.—Several hundred workmen assembled before the Russian consulate here late last night crying:

"Down with the czar!" "Down with tyranny!" "Down with Absolutism!"

The police dispersed the crowd.

Vienna, Jan. 25.—Workmen held a meeting in a hall here last night to discuss the strike situation at St. Petersburg. As soon as the first speaker mentioned the word St. Petersburg, the police official, who always attends such meetings, ordered the meeting to be dissolved. His order was carried out amid considerable tumult.

Tokio, Jan. 25.—The Japanese are keenly watching developments at St. Petersburg. The newspapers publishing extra accounts of the riots are eagerly read. The people were shocked at the death roll and there is a widespread feeling that the bureacracy will be powerless to stem the tide of reform, and that the downfall of the bureaucratic system must end the war.

How Japan Views Strike.

A member of a foreign legation said:

"The war is over unless the Russian people are crushed with an iron heel. It has brought about a crisis. The Japanese army is now fighting the battle of the Russian people."

News at London.

London, Jan. 25.—A dispatch to a news agency from St. Petersburg timed 12:21 today, says:

Crowds of strikers are again congregating on the Nevsky prospect. The situation is so tense that many residents of St. Petersburg are sending their wives and children to [illegible] and elsewhere for safety. A meeting of 350 barristers and solicitors passed a resolution of sol[illegible] with the strikers, protesting against the action of the government in provoking bloodshed, declining to plead in the courts and decided to open a subscription in aid of the propaganda.

A big brass plate at the entrance of the Russian embassy here was wrenched off at 2 o'clock this morning. A

SENATE PREPARING FOR SWAYNE TRIAL

Chief Justice Fuller Will Swear In The Senators.

CATTLE RAISERS ENTER PROTEST

Appeal to Interstate Commerce Commission Regarding Freight Rates. Happenings in the House and Senate.

Washigton, Jan. 25.—At 2 o'clock today Chief Justice Fuller will swear in the senators as a trial court of impeachment for the Judge Swayne case. A resolution will probably be passed authorizing Senator Platt, of Connecticut, to preside during the impeachment proceedings as Senator Frye, president pro tempore, does not feel strong enough to preside over the legislative session and also during the impeachment trial.

Cattle Men Register Protest.

Washington, Jan. 25.—S. H. Cowan, of Ft. Worth, Tex., representing the cattle raisers' association of Texas was heard today by the house committee on inter-state commerce and foreign commerce on the bills to give further power to the inter-state commerce commission. He said the cattle men believed they had been injured by advanced rates and had made complaints to the inter-state commerce commission. He said there was no basis for making a rate, but believed that railroads made rates with a view to making the most money. Whether the shipper should pay more than he did in 1898, said Mr. Cowan, should not be left to the railroads for determination, but to some one else.

Throughout the entire southwest, he said, it was the universal opinion of cattlemen that freight rates on cattle were too high. The railroads, he added, have said in defense of advanced rates that they should be permitted to share in the general prosperity of the country but he said if there was anything in that theory, they should also share in adversity.

In the Senate.

Washington, Jan. 25.—The first material evidence that the senate is about to enter upon the Swayne impeachment trial appeared in the senate chamber at the beginning of the session today in the shape of a half dozen chairs placed inside the bar. They were located in the front of the the first row of seats on the representative side of the chamber. Of the seven managers only five appeared, Messrs Powers and Olmstead being absent. They appeared in a group in the rear of the chamber, and headed by Mr. Palmer, their chairman and were imediately announced by Alonzo H. Stewart, assistant sergeant at arms of the senate, who said:

"I have the honor to announce the managers of the house of representatives to conduct the impeachement proceedings against Charles Swayne, judge of the northern district of Florida."

In the House.

Washington, Jan. 25.—Upon convening of the house of representatives today Speaker Cannon announced as the conference on the part of the house in charge of the omnibus claims bill, Messrs. Mahon (Pa.), Otjen (Wis.) and Sims (Tenn.).

Governor Frazier Inaugurated.

Nashville, Tenn., Jan. 25.—Governor James B. Frazier was this morning inaugurated as chief executive of Tennessee to serve his second term of two years. The inaugural ceremonies were on a more elaborate scale than any held in recent years and a large number of people attended. The governor in his inaugural address very strongly recommended many improvements, among them that the already large appropriation for schools be more than tripled. The supreme court of chancery appeals, and all state officers attended in a body. The oath of office was administered by Chief Justice Beard.

VALUABLE JEWELS RECOVERED

Police Officers Find Stolen Goods and Return Them to Owner.

Pasadena, Cal., Jan. 25.—The $20,000 worth of jewels stolen from the room of Mrs. W. S. Edy last Saturday, have been found and returned to their owner. Chief of Police Freeman, of Pasadena and Captain Austin, of the detective force, found the box of jewels where they had been buried in the ground of the Raymond hotel, and returned them to Mrs. Edy.

It was ascertained by Chief Freeman that when the jewels had been taken from Mrs. Edey's room, presumably by Bell Boy Wilson, and turned over to Gaston, whom the police believed engineered the affair, they were sent to mail to "Harry Kellam Black, Monrovia."

According to the police story the package was claimed at Monrovia by Bell Boy Morgan, employed at the Raymond hotel in this city, and by him were buried about a quarter of a mile from the hotel.

Morgan, Gaston and Wilson are in the custody of the local police.

CROOK IN TOILS OF LAW.

Charged that He Operated By Raising Money Orders.

Knoxville, Tenn., Jan. 25.—Postoffice Inspector W. R. Keys has received information from Fernandina, Fla., that a man filling the description of a party who is believed to be George T. Lowe, had been arrested in Fernandina at the instance of Postmaster Lewis, of that city.

Lowe, it is charged, operated in the city of Knoxville with two other men a few weeks ago, raising postoffice money orders and realizing on the same. Two men, said to be James Farr and Doc Hessey, are in jail in Knoxville and Rochester, N. Y., respectively, on the same charge. Lowe is believed to be the third member of the gang. He is said to have gone south from Knoxville, visiting Macon and Jacksonville. A photograph of the man held at Fernandina has been requested by Inspector Keys to be sent here for identification.

ON TRIAL FOR MURDER.

Killed Dr. Fred Lefew in October of Last Year.

Roanoke, Va., Jan. 25.—The case of Charles R. Fishburn, banker and broker, charged with killing Dr. Fred Lefew, a young Roanoke physician, was called in corporation court Monday, Judge A. M. Aiken, of Danville, presiding. Two Roanoke venires were exhausted and eleven jurors secured. The judge then ordered the sheriff to go to Franklin county for a venire.

On October 20 last Fishburn had a difficulty with Lefew's young stepson, later going to the Lefew residence to inform the doctor what had happened. The two men quarreled and Fishburn cut Lefew in the breast, puncturing the heart. Lefew lived two weeks. The families are prominent.

Senator Culberson Re-Elected.

Austin, Tex., Jan. 25.—The senate and house of representatives of the Texas legislature met in their respective chambers at noon today and balloted for United States senator, Chas. A. Culberson, the present incumbent was elected without opposition.

In joint session tomorrow the final ballot will be cast and Senator Culberson will be formally declared re-elected.

TO REDUCE ACREAGE AND HOLD SURPLUS

Will Be the Slogan of Cotton Growers Convention.

TO ELIMINATE SENSATIONALISM

Harvie Jordan, of Georgia, Will Be Made Permanent Chairman—Reports of Burning of Cotton Have Been Magnified.

New Orleans, Jan. 25.—All elements apparently are at work toward the end of keeping sensationalism out of the convention which begins its three days' session here today and if they succeed the convention will apply itself in a business-like way to the achievement of sane and practical results, limited in all probability to acreage reduction and provision for holding the surplus of this year's crop. A number of the delegates are urging former Congressman Catchings of Mississippi for permanent chairman and the indications today were that his name might be presented on the floor of the convention in opposition to that of Harvie Jordan, but a count of noses still points to the success of the slate announced in last

There has apparently been some apprehension that the convention would take radical steps along the line of the destruction of cotton. No such intention is evident among the leaders of the rank and file of the delegates who are already here.

"Of course, there will be no suggestion of burning cotton," said Judge Eugene Williams, of Waco, Tex. "Reports that the planters were engaged in burning cotton have been very much magnified. We have been able to learn of only three bales that were burned, one at Fort Gaines, Ga., and two in Texas, and that was simply to illustrate the deep interest of the people in the problem. I think the convention will be practical in its work."

Today's trains brought large numbers of delegates. They went as they arrived to Washington Artillery hall, where they filed their credentials.

Though the number of those present who probably exceed 1,200, the voting strenght of the convention will, of course, be very much smaller. The preliminary conferences have decided that the representation of each state shall be on the basis of cotton raised as shown by Secretary Hester's report, one vote to be allowed for each 100,000 bales or fraction thereof. No one has been selected for chairman of the resolutions committee, and the committee will select its own chairman.

ON TRIAL FOR PEONAGE.

Accused of Holding Negroes in Involuntary Servitude.

Jasper, Ga., Jan. 25.—J. W. McLaughlin, A. C. Lane and Frank Wilson, all of Tennessee, were here for trial before United States Commissioner Simmons on the charge of peonage.

These men are subconstractors on the Louisville and Nashville new line of railroad near Carters quarter, in Gordon county.

They are charged with having negroes in servitude against their will.

Each of the defendants waived preliminary examination and gave bond in the sum of $500.

H. E. Thomas, secret service man from Charlotte, N. C., has been here a few days looking after these cases. The men arrested think they will have no trouble in being acquitted when tried. Wright Williams and Wadley, contractors, of Dallas, Ga., made their bond.

Condemned Murderer To Die.

Columbus, O., Jan. 25.—The supreme court today refused to entertain a motion to file a writ of error in the case of Herman Hamilton, who is condemned to die Friday night in the electric chair for the murder of a workman in Portsmouth. An effort will be made to get the governor to commute the sentence so that the case may be taken before the pardon board.

COLD DAMAGED TRUCK INTERESTS

It is Estimated That Several Thousand Dollars Will be Lost.

TRUCKERS WERE PREPARED

As a Rule, and Those Who Had the Advantage of Telephone Connection Covered Their Crops During the Day—Loss to Beans and Cabbage.

The cold wave is upon us, and it is one of the coldest of the season.

The government report from the weather bureau at Jacksonville, received yesterday, stated that the temperature would fall considerably, and that this would be the most severe cold wave since the fatal freeze of 1895.

The various growers of truck in this section took advantage of the advance reports, and yesterday were busily engaged covering and otherwise protecting their products. Telephone messages were sent to the growers where they could be reached, with the result that by evening a large proportion of the crop had been protected.

While the loss will naturally be heavy from this freeze, a great deal of the crop was saved, owing to advance instructions. Nearly all the crop along the Gainesville and Gulf south of this point is protected, which means that the loss in this section will be comparatively small. Other growers, however, who could not be reached by 'phone, will suffer materially, as they were unaware of what the conditions would be.

Among the crops to suffer most will be the lettuce, young bean and cabbage crops. The former is just now in the heighth of the season. The beans will shortly be coming on, and as a rule have just reached above the ground.

Those truckers who have been shipping cauliflower and unprotected lettuce have enjoyed a good thing financially, as good prices have been realized. While a great deal of lettuce has been grown under cover for late shipments, large consignments of early growth have been made, with the result that these growers will not suffer so materially. Many of those, however, who have grown unprotected crops also have considerable protected lettuce, and it is doubtful whether this plant will succumb the cold.

HOUSES STILL SCARCE.

Families Experience Great Difficulty in Securing Houses.

The best evidence that Gainesville is "full up" is the fact that houses for living and other purposes are at present and have been very scarce here.

Manager Voyle of the Abstract and Realty Company stated yesterday that never in the history of Gainesville has residences been so scarce. A great many families have recently moved in, and it has come to a point now when it is almost impossible to secure a desirable residence, and many are occupying houses which are not at all in keeping with the surrounding conditions.

"I have never seen the like for demand for houses," Mr. Voyle said. "The people are coming, and are anxious to remain. As a result they will rent almost anything to keep them protected from the weather, and I know of certain families of refinement who are living in virtualy shacks just to be here."

As an evidence of the truthfulness of Mr. Voyle's statement, one instance is recalled where a family is occupying one house, the piano alone being worth on the market double the amount of the house, with other furniture in proportion.

It seems that it would be a profitable investment for a number of moneyed men of the city to get together, form a company and construct a number of houses is an investment. These houses would always rent readily at good prices, and this suggestion should result in something definite. There is not a desirable dwelling to rent in the city today, notwithstanding that a great many have been recently constructed.

Death at Kanapaha.

H. LaFayette, the infant son of Mr. and Mrs. W. H. Tinsley, died at the home of his parents at Kanapaha, Wednesday morning of cholera infantum. The funeral was held at Kanapaha cemetery Thursday, and was attended by a great many friends, who extend sympathy to the parents in their hour of bereavement.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's **Swamp-Root** is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

NEWS OF CITY AND COUNTY CONDENSED

H. L. Beville of Arredondo was in the city yesterday.

C. W. Stalls of Monteocha was trading in the city yesterday.

W. Ellery Davis and son, Ellery M. Davis, are in the city from Starke. They are the guests of L. M. McCormick.

D. B. Morrison of Morriston, a prominent merchant and citizen of that place was transacting business in this city yesterday.

W. T. Shands of Otter Creek, the extensive naval stores operator, arrived in the city yesterday on a short visit to his family.

J. S. Crown or Rocky Point, a prominent and successful trucker of that place, was among those who paid Gainesville a visit yesterday.

Justice S. O. Barron of Bell was in the city yesterday. Justice Barron is one of the most progressive citizens of that section, owning a fine mercantile business in connection with his other interests.

Among the latest arrivals in Gainesville are Joseph Hazel and famliy of Williston. Mr. Hazel is a boiler maker by trade, and is said to be one of the most competent in this section. The family will be gladly welcomed by the people of Gainesville, who hope they will be well pleased.

Chas. Lohrig, a contractor for hardwood materials at Fairfield, was among the visitors to this city yesterday. Mr. Lohrig is making a fine success of this venture, having shipped several carloads of spokes and rims to parties in Hagerstown, Md. He is still shipping, having consigned a solid carload yesterday.

The depressions at the corner of West Main and Liberty streets which have been for the past few days a source of annoyance to pedestrians and the public generally, have been filled in, which makes a big improvement. The street committee, of which W. B. Taylor is chairman, has been performing some very good work for the past few weeks, and their efforts are appreciated.

THE SECTION IS GOOD

But Ex-Justice Barnes is Yet Partial to Good Old Alachua County.

A letter just received from R. E. Barnes, formerly of Orange Heights but who has decided to locate for the present at Oscar, Santa Rosa county, writes The Sun as follows:

"Please send me The Sun to Oscar, Florida, as I am located in Santa Rosa county. I like the country very well, as it is healthy and dry. Of course I do not like this section as well as dear old Alachua county, but will remain here anyway for an indefinite period, and may 'grow up with the country.'"

Japs Dislodge Russians.

Tokio, Jan. 25—The Japanese headquarters at Sia Chung, Manchuria, reports that a Japanese force dislodged about one company of Russian cavalry northwest of Weistzukuon Monday, occupying the position and capturing some horses and arms. Another Japanese detachment routed a force of Russians in the neighborhood of Chan-Cheng, inflicting over 20 casualties. The Japanese captured five officers and men with their horses and arms.

Warships at Charleston.

Charleston, S. C., Jan. 25.—United States torpedo boats, Hull and Truxton arrived in port, having stopped en route from Hampton Roads to join the fleet at Culebra for supplies, and also to leave a quantity of gun cotton and other explosives at the forts on Sullivan island. The destroyers are commanded respectively by Captain F. A. Trant and Captain W. S. Crossley. The Hull and Truxton are four stack boats of about 420 tons each and have a speed of 18 knots.

Imperfect Indigestion

Means less nutrition and in consequence less vitality. When the liver fails to secrete bile, the blood becomes loaded with bilious properties, the digestion becomes impaired and the bowels constipated. Herbine will rectify this; it gives tone to the stomach, liver and kidneys, strengthens the appetite, clears and improves the complexion, infuses new life and vigor to the whole system. 50 cents a bottle. Sold by W. M. Johnson.

TAMING A TIGER.

The Way a Showman Got Friendly With a Fierce Beast.

A zoologist thus describes how an attendant brought about friendly relations with a fierce tiger:

"There was a showman I used to know named Melchior. He once bought a magnificent Bengal tiger, which he got at a low price because it had already killed two men.

"At first Melchior would put his foot or his hand into his cage, but from the way the tiger would leap at him he knew that to put himself entirely in its power would be suicide. Nothing he could do would establish a friendly relationship between himself and the tiger.

"Some originality was needed, and Melchior showed it by taking some old clothes, stuffing them with rags and throwing them into the cage. The tiger in a jiffy tore the old clothes to pieces, thinking that the figure was a human being.

"Next day and the next day and the next Melchior continued to throw in to the tiger stuffed figures, and the tiger continued to destroy them. But as time passed the animal ceased to put heart into its work and in the end it gave up altogether these attacks on the scarecrows. It would just play with them or else not notice them at all.

"Now was Melchior's time. He opened the cage door one morning, walked in boldly and slapped the tiger familiarly on the back. It gave him a friendly look and purred. It took him for another manikin not worth bothering about. It lived seven years with Melchior and became as gentle as a kitten."

Found a Cure for Indigestion.

I use Chamberlain's Stomach and Liver Tablets for indigestion and find that they suit my case better than any dyspepsia remedy I have ever tried and I have used many different remedies. I am nearly fifty-one years of age and have suffered a great deal from indigestion. I can eat almost anything I want to now.—Geo. W. Emory, Rock Mills, Ala. For sale by all druggists.

Gorgeous Japanese Robes.

In number the diaphanous robes worn by a Japanese woman of high rank of the eleventh or twelfth century were seldom less than twenty, while on great occasions even more might be necessary. Thus at a great palace fete it is said that "some wore as many as twenty-five suits, showing glimpses of purple, of crimson, of grass green, of wild rose yellow and of sapanwood brown, their sleeves and skirts decorated with golden designs, while others, by subtle commingling of willow sprays and cherry blossoms and by embroidered patterns picked out with gems, represented the poem of the jewels and the flowers."

To Cure a Cold in One Day

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25c.

Money enough to buy a box of Pills?

Then be thankful! It means so much to have a box of Ayer's Pills always in the house. Just one pill at bedtime, now and then, and you need have no fear of bilious attacks, sick-headaches, indigestion, constipation. Sold for sixty years. J. C. Ayer Co., Lowell, Mass.

R. M. Hughes of Sanford got on his dignity because G. R. Calhoun of that place would not sell him any more crates and armed himself with a pistol to get revenge. Hughes shot at Calhoun and hit a grocery store two blocks away, whereupon Calhoun took his trusty Winchester and commenced some fancy shooting. He first shot the pistol from Hughes' hand and then commenced to shoot the drops of perspiration that fell from Hughes' brow, who in turn started to run and landed in a refrigerator car, where he sat down to cool off and await the abatement of the leaden hail storm.

SATURDAY WILL POSITIVELY BE DR. GOLDSTEIN'S LAST DAY IN GAINESVILLE.

IS HERE AND WILL REMAIN UNTIL THE 28TH—EXAMINATION AND CONSULTATION FREE.

Dr. G. Goldstein of Louisville, who is well known by the people of Gainesville and vicinity, has arrived in the city and will be located at the Brown House Parlors the balance of the present week. He will fit glasses to the eyes of those who need them.

He has made the study of optics a specialty, and anyone in need of glasses cannot do better than give him a call. Parents of children whose eyes are in any way affected should take them to Dr. Goldstein and have them examined. Too much care cannot be taken in this particular, as any neglect on the part of the parents may lead to most serious consequences in after-life. If the eyes of the child need glasses the Doctor can determine it and adjust such glasses as will be the most apt to preserve and increase their strength. The Doctor has been giving satisfaction for many years, and we can recommend him as worthy the patronage of the public. Those suffering with their eyes should call on him, and if he doesn't give relief it will not cost them anything. He can adjust to any eyes and any age. A good glass right-ly adjusted is a luxury to a person with failing sight; they can ill afford to do without. A glass imperfectly adjusted is worse than no glass.

TAINTED BLOOD

Columbus, Ohio, May 19, 1903.

Some four years ago I was suffering from impure blood and a general run-down condition of the system. I had no appetite, was losing flesh, and had an all-gone tired feeling that made me miserable. I began the use of S. S. S., and after taking seven or eight bottles my skin was cleared of all eruptions and took on a ruddy, healthy glow that assured me that my blood had been restored to its normal, healthy condition. My appetite was restored, as I could eat anything put before me, and as I regained my appetite I increased in weight, and that "tired feeling" which worried me so much disappeared, and I was once again my old self.

I heartily recommend S. S. S. as the best blood purifier and tonic made, and strongly advise its use to all those in need of such medicine. VICTOR STUBBINS. Cor. Barthman and Washington Aves.

Wheeling, W. V., May 28, 1903.

My system was run down and my joints ached and pained me considerably. I had used S. S. S. before and knew what it was, so I purchased a bottle of it and have taken several bottles and the aches and pains are gone, my blood has been cleased and my general health built up. I can testify to it as a blood purifier and tonic. 1533 Market St. JOHN C. STEIN.

SAD DEATH AT MICANOPY.

Mrs. W. H. Sanders Passes Away. Miss Belle Chitty Quite Ill.

The sad news of the death of Mrs. W. H. Sanders of Micanopy, on Tuesday evening, January 24th, 1905, was received in this city Wednesday morning. She had been sick only a short time, the cause of her passing away being typhoid pneumonia. Deceased was one of the old and highly respected residents of that section and her death has caused much sorrow and regret. She was the mother of Mrs. W. C. Johnson and leaves two other children besides her sorrowing husband to mourn her loss. We have no particulars at hand regarding the funeral.

Miss Belle Chitty of Micanopy, sister of the Chitty brothers of this city, is suffering from a serious attack of erysipelas in the face. She has the sympathy of her many kind friends in her affliction.

A Pleasant Party.

Little Miss Yetevn Rogers, the charming daughter of Rev. and Mrs. S. B. Rogers, entertained a number of her young friends on the occasion of the eighth year of her advent into this world Wednesday afternoon. There were a number of the young people present, and all who attended report a most delightful afternoon, at the conclusion of which they departed, wishing the little hostess many happy returns of the day.

Epworth League Social.

The Epworth League of the Methodist church will hold a social at the home of Mrs. T. F. Thomas, West Main street N., this evening, to which all Leaguers and friends are invited.

The evening will be passed in a manner appropriate to the occasion, and it is needless to add that the affair will be enjoyed.

WILL HAVE A SUPPER.

Mount Vernon Lodge is Preparing For a Big Time at Early Date.

The last meeting of Mount Vernon Lodge No. 20, Knights of Pythias, was an interesting one. It was interesting from several points of view, the lodge having conferred the work in the Rank of Knight, which it is said was good, and having at the conclusion of the meeting decided to give a supper in the near future for the benefit of the members, their wives, sweethearts, etc.

It is needless to add that this function, like all others under the auspices of the Knights of Pythias, will be up-to-date in every respect. The last supper, which was only a lodge affair given complimentary by the officers, was one of the most enjoyable affairs ever held in this city, and when it comes to entertaining the ladies Mount Vernon may be depended upon for something extra. It was unanimously decided that Knight M. B. Saunders is to manage the culinary department, which means at the beginning something extra good, as he is one of the best in the country in this direction.

This supper will be held some time during February, probably about the 16th.

Cured Lumbago.

A. B. Canman, Chicago, writes March 4, 1903: "Having been troubled with lumbago at different times and tried one physician after another; then different ointments and liniments, gave it up altogether. So I tried once more, and got a bottle of Ballard's Snow Liniment, which gave me almost instant relief. I can cheerfully recommend it, and will add my name to your list of former soldiers." 25c, 50c and $1. Sold by W. M. Johnson.

Mrs. Duke Wanted in Texas.

New York, Jan. 25.—Mrs. Alice Webb Duke, wife of Brodie L. Duke, was arrested at an office in Broad street, this city, today, on requisition papers issued by the Texas authorities. Mrs. Duke had been indicted by the grand jury at Nacogdoches, Tex., on the charge that she and Chas. L. Taylor, of Chicago, had made false statements in an instrument on the strength of which a stockholder in one of the national banks in that place was induced to endorse their notes for $20,000.

You Get Up

In the morning tired, languid, and frequently with a headache that is almost unbearable. You have been nervous, restless and sleepless night after night, and gloomy and irritable during the day. This nervous exhaustion affects the heart, lungs and other organs that depend upon the nerves for motive power. Then the stomach fails to digest the food; the heart action is weak, and circulation poor, and the kidneys and liver inactive.

What you need is not a stomach, head, kidney or liver medicine, but Dr. Miles' Nervine to soothe and feed the nerves and build nerve tissue.

"My wife was subject to severe mental strain, which resulted in nervous prostration. The first symptoms were uncontrollable crying and melancholy spells, which increased to such an extent that for over a year she would have a spell every day of from four to six hours duration. She required the constant attention of her physician and attendants. She suffered great pain and anguish. The best physicians attending her could give no relief, and she finally became almost of unsound mind. As a last resort I began giving her Dr. Miles' Nervine, and Tonic, and noticed that her spells next day were not so severe, and they gradually disappeared altogether. She has had no recurrence of the spells, and is gaining in health and strength.

J. P. OVERHOLSER, Sterling, Ill.

Dr. Miles' Nervine is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

Miseries of the Red Sea.

In the waters of the Red sea the cessation of the engines on a steamer for an hour means extreme physical suffering for passengers. For a day it would involve absolute torture. The wind which prevails every day is a hot, asphyxiating blast, and its continuous directions are from north and south toward the center. As a result every passing vessel is subjected to two days of almost intolerable heat, followed by two days of comparative comfort, but instances have been known of crowded liners being compelled when traveling with the wind to turn round and steam back for an hour or so in order to give the passengers even a brief respite from the sufferings induced by the dull, dead, unbearable atmosphere.—London Tit-Bits.

COLD DAMAGED TRUCK INTERESTS

It is Estimated That Several Thousand Dollars Will be Lost.

TRUCKERS WERE PREPARED

As a Rule, and Those Who Had the Advantage of Telephone Connection Covered Their Crops During the Day—Loss to Beans and Cabbage.

The cold wave is upon us, and it is one of the coldest of the season.

The government report from the weather bureau at Jacksonville, received yesterday, stated that the temperature would fall considerably, and that this would be the most severe cold wave since the fatal freeze of 1895.

The various growers of truck in this section took advantage of the advance reports, and yesterday were busily engaged covering and otherwise protecting their products. Telephone messages were sent to the growers where they could be reached, with the result that by evening a large proportion of the crop had been protected.

While the loss will naturally be heavy from this freeze, a great deal of the crop was saved, owing to advance instructions. Nearly all the crop along the Gainesville and Gulf south of this point is protected, which means that the loss in this section will be comparatively small. Other growers, however, who could not be reached by 'phone, will suffer materially, as they were unaware of what the conditions would be.

Among the crops to suffer most will be the lettuce, young bean and cabbage crops. The former is just now in the heighth of the season. The beans will shortly be coming on, and as a rule have just reached above the ground.

Those truckers who have been shipping cauliflower and unprotected lettuce have enjoyed a good thing financially, as good prices have been realized. While a great deal of lettuce has been grown under cover for late shipments, large consignments of early growth have been made, with the result that these growers will not suffer so materially. Many of those, however, who have grown unprotected crops also have considerable protected lettuce, and it is doubtful whether this plant will succumb the cold.

HOUSES STILL SCARCE.

Families Experience Great Difficulty in Securing Houses.

The best evidence that Gainesville is "full up" is the fact that houses for living and other purposes are at present and have been very scarce here.

Manager Voyle of the Abstract and Realty Company stated yesterday that never in the history of Gainesville has residences been so scarce. A great many families have recently moved in, and it has come to a point now when it is almost impossible to secure a desirable residence, and many are occupying houses which are not at all in keeping with the surrounding conditions.

"I have never seen the like for demand for houses," Mr. Voyle said. "The people are coming, and are anxious to remain. As a result they will rent almost anything to keep them protected from the weather, and I know of certain families of refinement who are living in virtualy shacks just to be here."

As an evidence of the truthfulness of Mr. Voyle's statement, one instance is recalled where a family is occupying one house, the piano alone being worth on the market double the amount of the house, with other furniture in proportion.

It seems that it would be a profitable investment for a number of moneyed men of the city to get together, form a company and construct a number of houses is an investment. These houses would always rent readily at good prices, and this suggestion should result in something definite. There is not a desirable dwelling to rent in the city today, notwithstanding that a great many have been recently constructed.

H. LaFayette, the infant son of Mr. and Mrs. W. H. Tinsley, died at the home of his parents at Kanapaha, Wednesday morning of cholera infantum. The funeral was held at Kanapaha cemetery Thursday, and was attended by a great many friends, who extend sympathy to the parents in their hour of bereavement.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's **Swamp-Root** is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

NEWS OF CITY AND COUNTY CONDENSED

H. L. Beville of Arredondo was in the city yesterday.

C. W. Stalls of Monteocha was trading in the city yesterday.

W. Ellery Davis and son, Ellery M. Davis, are in the city from Starke. They are the guests of L. M. McCormick.

D. B. Morrison of Morriston, a prominent merchant and citizen of that place was transacting business in this city yesterday.

W. T. Shands of Otter Creek, the extensive naval stores operator, arrived in the city yesterday on a short visit to his family.

J. S. Crown or Rocky Point, a prominent and successful trucker of that place, was among those who paid Gainesville a visit yesterday.

Justice S. O. Barron of Bell was in the city yesterday. Justice Barron is one of the most progressive citizens of that section, owning a fine mercantile business in connection with his other interests.

Among the latest arrivals in Gainesville are Joseph Hazel and famliy of Williston. Mr. Hazel is a boiler maker by trade, and is said to be one of the most competent in this section. The family will be gladly welcomed by the people of Gainesville, who hope they will be well pleased.

Chas. Lohrig, a contractor for hardwood materials at Fairfield, was among the visitors to this city yesterday. Mr. Lohrig is making a fine success of this venture, having shipped several carloads of spokes and rims to parties in Hagerstown, Md. He is still shipping, having consigned a solid carload yesterday.

The depressions at the corner of West Main and Liberty streets which have been for the past few days a source of annoyance to pedestrians and the public generally, have been filled in, which makes a big improvement. The street committee, of which W. B. Taylor is chairman, has been performing some very good work for the past few weeks, and their efforts are appreciated.

THE SECTION IS GOOD

But Ex-Justice Barnes is Yet Partial to Good Old Alachua County.

A letter just received from R. E. Barnes, formerly of Orange Heights but who has decided to locate for the present at Oscar, Santa Rosa county, writes The Sun as follows:

"Please send me The Sun to Oscar, Florida, as I am located in Santa Rosa county. I like the country very well, as it is healthy and dry. Of course I do not like this section as well as dear old Alachua county, but will remain here anyway for an indefinite period, and may 'grow up with the country.'"

Japs Dislodge Russians.

Tokio, Jan. 25—The Japanese headquarters at Sia Chung, Manchuria, reports that a Japanese force dislodged about one company of Russian cavalry northwest of Weistzukuon Monday, occupying the position and capturing some horses and arms. Another Japanese detachment routed a force of Russians in the neighborhood of Chan-Cheng, inflicting over 20 casualties. The Japanese captured five officers and men with their horses and arms.

Warships at Charleston.

Charleston, S. C., Jan. 25.—United States torpedo boats, Hull and Truxton arrived in port, having stopped en route from Hampton Roads to join the fleet at Culebra for supplies, and also to leave a quantity of gun cotton and other explosives at the forts on Sullivan island. The destroyers are commanded respectively by Captain F. A. Trant and Captain W. S. Crossley. The Hull and Truxton are four stack boats of about 420 tons each and have a speed of 18 knots.

Imperfect Indigestion

Means less nutrition and in consequence less vitality. When the liver fails to secrete bile, the blood becomes loaded with bilious properties, the digestion becomes impaired and the bowels constipated. Herbine will rectify this; it gives tone to the stomach, liver and kidneys, strengthens the appetite, clears and improves the complexion, infuses new life and vigor to the whole system. 50 cents a bottle. Sold by W. M. Johnson.

TAMING A TIGER.

The Way a Showman Got Friendly With a Fierce Beast.

A zoologist thus describes how an attendant brought about friendly relations with a fierce tiger:

"There was a showman I used to know named Melchior. He once bought a magnificent Bengal tiger, which he got at a low price because it had already killed two men.

"At first Melchior would put his foot or his hand into his cage, but from the way the tiger would leap at him he knew that to put himself entirely in its power would be suicide. Nothing he could do would establish a friendly relationship between himself and the tiger.

"Some originality was needed, and Melchior showed it by taking some old clothes, stuffing them with rags and throwing them into the cage. The tiger in a jiffy tore the old clothes to pieces, thinking that the figure was a human being.

"Next day and the next day and the next Melchior continued to throw in to the tiger stuffed figures, and the tiger continued to destroy them. But as time passed the animal ceased to put heart into its work and in the end it gave up altogether these attacks on the scarecrows. It would just play with them or else not notice them at all.

"Now was Melchior's time. He opened the cage door one morning, walked in boldly and slapped the tiger familiarly on the back. It gave him a friendly look and purred. It took him for another manikin not worth bothering about. It lived seven years with Melchior and became as gentle as a kitten."

Found a Cure for Indigestion.

I use Chamberlain's Stomach and Liver Tablets for indigestion and find that they suit my case better than any dyspepsia remedy I have ever tried and I have used many different remedies. I am nearly fifty-one years of age and have suffered a great deal from indigestion. I can eat almost anything I want to now.—Geo. W. Emory, Rock Mills, Ala. For sale by all druggists.

Gorgeous Japanese Robes.

In number the diaphanous robes worn by a Japanese woman of high rank of the eleventh or twelfth century were seldom less than twenty, while on great occasions even more might be necessary. Thus at a great palace fete it is said that "some wore as many as twenty-five suits, showing glimpses of purple, of crimson, of grass green, of wild rose yellow and of sapanwood brown, their sleeves and skirts decorated with golden designs, while others, by subtle commingling of willow sprays and cherry blossoms and by embroidered patterns picked out with gems, represented the poem of the jewels and the flowers."

To Cure a Cold in One Day

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25c.

Money enough to buy a box of Pills?

Then be thankful! It means so much to have a box of Ayer's Pills always in the house. Just one pill at bedtime, now and then, and you need have no fear of bilious attacks, sick-headaches, indigestion, constipation. Sold for sixty years. J. C. Ayer Co., Lowell, Mass.

TAINTED BLOOD

Columbus, Ohio, May 19, 1903.

Some four years ago I was suffering from impure blood and a general run-down condition of the system. I had no appetite, was losing flesh, and had an all-gone tired feeling that made me miserable. I began the use of S. S. S., and after taking seven or eight bottles my skin was cleared of all eruptions and took on a ruddy, healthy glow that assured me that my blood had been restored to its normal, healthy condition. My appetite was restored, as I could eat anything put before me, and as I regained my appetite I increased in weight, and that "tired feeling" which worried me so much disappeared, and I was once again my old self.

The last supper, which was only a lodge affair given complimentary by the officers, was one of the most enjoyable affairs ever held in this city, and when it comes to entertaining the ladies Mount Vernon may be depended upon for something extra. It was unanimously decided that Knight M. B. Saunders is to manage the culinary department, which means at the beginning something extra good, as he is one of the best in the country in this direction.

This supper will be held some time during February, probably about the 16th.

Cured Lumbago.

A. B. Canman, Chicago, writes March 4, 1903: "Having been troubled with lumbago at different times and tried one physician after another; then different ointments and liniments, gave it up altogether. So I tried once more, and got a bottle of Ballard's Snow Liniament, which gave me almost instant relief. I can cheerfully recommend it, and will add my name to your list of former soldiers." 25c, 50c and $1. Sold by W. M. Johnson.

Mrs. Duke Wanted in Texas.

New York, Jan. 25.—Mrs. Alice Webb Duke, wife of Brodie L. Duke, was arrested at an office in Broad street, this city, today, on requisition papers issued by the Texas authorities. Mrs. Duke had been indicted by the grand jury at Nacogdoches, Tex., on the charge that she and Chas. L. Taylor, of Chicago, had made false statements in an instrument on the strength of which a stockholder in one of the national banks in that place was induced to endorse their notes for $20,000.

You Get Up

In the morning tired, languid, and frequently with a headache that is almost unbearable. You have been nervous, restless and sleepless night after night, and gloomy and irritable during the day. This nervous exhaustion affects the heart, lungs and other organs that depend upon the nerves for motive power. Then the stomach fails to digest the food; the heart action is weak, and circulation poor, and the kidneys and liver inactive.

What you need is not a stomach, head, kidney or liver medicine, but Dr. Miles' Nervine to soothe and feed the nerves and build nerve tissue.

"My wife was subject to severe mental strain, which resulted in nervous prostration. The first symptoms were uncontrollable crying and melancholy spells, which increased to such an extent that for over a year she would have a spell every day of from four to six hours duration. She required the constant attention of her physician and attendants. She suffered great pain and anguish. The best physicians attending her could give no relief, and she finally became almost of unsound mind. As a last resort I began giving her Dr. Miles' Nervine, and Tonic, and noticed that her spells next day were not so severe, and they gradually disappeared altogether. She has had no recurrence of the spells, and is gaining in health and strength.
J. P. OVERHOLSER, Sterling, Ill.

Dr. Miles' Nervine is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

SAD DEATH AT MICANOPY.

Mrs. W. H. Sanders Passes Away. Miss Belle Chitty Quite Ill.

The sad news of the death of Mrs. W. H. Sanders of Micanopy, on Tuesday evening, January 24th, 1905, was received in this city Wednesday morning. She had been sick only a short time, the cause of her passing away being typhoid pneumonia. Deceased was one of the old and highly respected residents of that section and her death has caused much sorrow and regret. She was the mother of Mrs. W. C. Johnson and leaves two other children besides her sorrowing husband to mourn her loss. We have no particulars at hand regarding the funeral.

Miss Belle Chitty of Micanopy, sister of the Chitty brothers of this city, is suffering from a serious attack of erysipelas in the face. She has the sympathy of her many kind friends in her affliction.

A Pleasant Party.

Little Miss Yeteva Rogers, the charming daughter of Rev. and Mrs. S. B. Rogers, entertained a number of her young friends on the occasion of the eighth year of her advent into this world Wednesday afternoon. There were a number of the young people present, and all who attended report a most delightful afternoon, at the conclusion of which they departed, wishing the little hostess many happy returns of the day.

Epworth League Social.

The Epworth League of the Methodist church will hold a social at the home of Mrs. T. F. Thomas, West Main street N., this evening, to which all Leaguers and friends are invited.

The evening will be passed in a manner appropriate to the occasion, and it is needless to add that the affair will be enjoyed.

Miseries of the Red Sea.

In the waters of the Red sea the cessation of the engines on a steamer for an hour means extreme physical suffering for passengers. For a day it would involve absolute torture. The wind which prevails every day is a hot, asphyxiating blast, and its continuous directions are from north and south toward the center. As a result every passing vessel is subjected to two days of almost intolerable heat, followed by two days of comparative comfort, but instances have been known of crowded liners being compelled when traveling with the wind to turn round and steam back for an hour or so in order to give the passengers even a brief respite from the sufferings induced by the dull, dead, unbearable atmosphere.—London Tit-Bits.

The New York millionaires are strikingly modest when the tax assessor comes around.

Uncle Sam is now awarding contracts for carrying mail to the electric roads where possible.

The Philadelphia mint turned out over 7,000,000 gold coins last year. Did you get your share?

John L. Sullivan is delivering a course of lectures on the fun he had spending $1,000,000.

There were 12,224 commercial failures last year. Unfortunately, there is no record of the successes.

We will tell you more about what Moody has done to the beef trust when we see the price coming down.

Tom Lawson said that he once prevented Gas Addicks from committing suicide. He now realizes his mistake.

Promoters of the ship-subsidy bill are now calling it the subvention. Why not go a little further and call it plain "graft."

Chicago is again making fun of New York, because the former can have a large charity ball without a big deamond steal.

When Governor Adams of Colorado took his "oath of office" it is thought that Ex-Governor Peabody also did some "swearing."

Panama is having so much prosperity that she is beginning to bother herself about tucks and frills that other governments have.

We have been advised that Attorney-General Moody is of the opinion that he has the beef trust on the road to the slaughter house.

Wall street is complaining that while Tom Lawson did not give them a scare, he frightened the "lambs" away, which was much worse.

Now that Tom Lawson has cornered the market with frenzied finance literature complaint is made because he has pushed the price up a little.

Another busted stock broker has decided to follow Tom Lawson's example and drop Amalgamated copper and take up Amalgamated literature.

The stage is going to lose another one of its brilliant lights. John L. Sullivan announces that he will give it up and take to the lecture platform.

It is feared that if the grand jury continues to indict United States Senators, they will be numerous enough to start a party of their own, and "run things."

Several frisky Congressmen are getting themselves interviewed in which they discuss what they are going to do. They had better see Uncle Joe Cannon about it first.

China has been having peace for ten years and is now itching for a little trouble. If she can just keep quiet until Japan finishes with Russia she will receive proper attention.

Debt is a great force waster, because very few men or women can be heavily in debt without worrying or being anxious. If you are so deeply involved that it is impossible to extricate yourself without going through bankruptcy, then take your bitter medicine at once, and start again, no matter who criticises or decounces you. Pay your debts in full afterward, when you are able. Get rid of all vitality sappers. If you have taken an unfortunate step, retrace it if you can. If you have made a mistake, remedy it as far as it is in your power to do so; but when you have done your best, let the thing drop forever. Do not drag its skeleton along with you. Never allow what is dead and should be buried to keep bobbing up and draining off your life capital in vain regrets.

Senator Cockrell, at the end of thirty years' service, is leaving the Senate with not only a record for statesmanship but also one of unblemished honor. This is a striking contrast with Mr. Neidringhaus, whom the penitentiary seems to desire more than the U. S. Senate.

About $15,000,000 has been spent on a subway under the down town streets of Chicago, and it is now proposed to spend as much more in extensions. The subways, now made possible by electric power, are proving even more popular in the East than the elevated roads.

J. D. Rockefeller talked to his son's Bible class in New York on Sunday, on the subject of "Diet." He declared Americans lived too fast and ate too much. The oil king might have transposed his idea and said: "Americans eat too fast and live too much."

The arbitration treaty between the United States and the following countries has been made public by order of the Senate in executive session: Great Britain, Portugal, France, Switzerland, Germany Italy and Spain.

Congress is acting very wisely in its efforts to legislate for the abolition of the rebate system among the railroads, and it would also be entitled to praise if it devises means to enable us to escape the Pullman car porter.

Agitation. With those who have things all their own way that is not a popular word. They want to be let alone. Agitation awakens thought and uncovers things. That is what they don't want.

Governor Pennypacker's real objection to newspapers in general seems to be that all the cartoons positively flatter him—in looks. If they were as ugly as he is, they would stop the press.

Governor Folk of Missouri had better keep his eye on his Republican Legislature. It is reported that thousand-dollar bills are getting very plentiful around there.

The Philadelphia authorities are taking steps to prevent gambling—except poker and roulette. This leaves the stock market a clear monopoly of the gambling business.

Ten per cent of the Republican senators are charged with grafting, and they are unable so far to exonerate themselves.

The governor of New York says he is there to enforce the laws, and not to set them aside. We thought quite differently.

The railroads do not care who introduces the bills, so long as their attorneys write them.

Deafness Cannot be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & Co., Toledo, O.

PATENTS TO GULF COAST INVENTORS.

The following patents were recently issued to the Gulf Coast clients, as reported by D. Swift & Co., patent lawyers, Washington, D. C., who will furnish complete copies of any of them to readers of The Sun for ten cents per copy:

Texas—Sam C. Anderson, Wheelwright, horse detacher, wrench and harness attachment; G. W. Butcher, San Antonia, fire box; Luella M. Lowe, Canadian, teneriffe disk; R. J. Mareburger, Dallas, tie bar; G. H. Nichols, Galveston, sloe lace; John A. Nelson, Roundrock, insect-destroyer; Gaetano Palladino, El Paso, chimney.

Florida—T. W. Boyle, Jacksonville, cotton and corn cultivator; E. R. Trammel, Lakeland, car coupling.

Mississippi—R. G. Mytton, Meriden, explosive engine; M. E. Tynes, Gloster, embroidering attachment for sewing machines.

Alabama—G. L. Tuttle, Shorter, trolley; F. G. Cobb, Huntsville, filling-replenishing loom.

The secret of the South's wonderful growth and development lies in the fact that her citizens have an originality of mind and are capable of adapting it to meet new conditions. Some of the most useful inventions granted by the Patent Office last week were from Florida citizens, as the foregoing abundantly proves.

The great mistake the Czar of Russia is making is not learning English. He could then subscribe to our papers, which would tell him how to run his government.

Ex-Lieutenant-Governor Tim Woodruff of New York is a candidate for matrimony, as there seems to be nothing else for which he can run just now.

A NEW SAW MILL.

Mayor Prator of Micanopy Expects to Soon Engage in New Enterprise.

Among the prominent out-of-town folks who visited Gainesville yesterday was J. H. Prator, mayor of Micanopy and an all-round energetic business man of that progressive town.

Mr. Prator has been for some time operating a grist mill of good capacity in Micanopy, which has been a great convenience to the good people of that section. He has been making a good thing, financially, out of this venture recently, but decided to engage in the manufacture of lumber, with the result that he will soon establish a saw mill of about 10,000 feet capacity per day, from which he will at least satisfy the local demand.

The Micanopy country is growing very rapidly, which led Mr. Prator to the conclusion that the manufacture of lumber would prove profitable. He consequently ordered a plant, and as soon as it became known he secured sufficient orders in advance to keep him busy for several weeks.

A Colored Marriage.

His Honor Judge Mason, judge of the county court, has experienced some dull times recently, but occasionally some wooing couple will give him business in the form of a marriage license—and sometimes he is requested to perform the ceremony which demands a mutual understanding between a man and woman for life—which means that the genial Judge at least makes sufficient fees to insure keeping body and soul together.

The latest ceremony to be performed by Judge Mason was that of Elvin Ferguson and Mollie Hall of Jonesville, who came to the city Wednesday for the express purpose of joining their fates and securing a legal permit to place their shoes and other clothing together.

"Is dis de place where yer gits married?" queried the prospective groom, as he placed his black head through the crack of the door.

"It sho' am," replied the Judge, with an idea that there would be something doing in the matrimonial line.

At this assurance the couple entered into the presence of the Judge, secured the license, and were subjected to the ceremony which provided that Mollie was to do all the washing, keep the beds made up and perform other household duties, while her husband was hustling for a living.

"Married life is sho' sweet," remarked the groom, as he leaned gently over the shoulder of his bride and complied with the Judge's request to salute. It is to be hoped that he will find the journey over the matrimonial sea one of contentment, with no squalls to interrupt his happiness and bring him on the night watch.

The inventor of the famous "TERRELL SCRAPE," a man known wherever plows are sold and used, says:

"I have used MOZLEY'S LEMON ELIXIR for 10 or 12 years in my family for the stomach, liver and kidneys, and find it is the best medicine I have ever used. It is also a sure specific for pain in the back or under the shoulders. I have recommended it in numerous cases to my workmen, when sick and unable to work, and it has always given perfect satisfaction. H. D. TERRELL, President Atlanta Plow Co., Atlanta."

Pointer Dog Lost.

W. R. McKinstry has had the misfortune of losing his fine pointer dog, Queen, which was stolen or strayed from his home Wednesday night. The animal, which is a white and liver color with liver ears, is very fine, costing originally $125 as a puppy. Naturally the owner is very anxious about the mysterious disappearance of the dog.

WASHING WITHOUT WATER

Is Like Trying to Get Rid of Dandruff Without Herpicide.

Did you ever see any one trying to wash themselves without soap or water?

If you did what would you say of him?

It is every bit as foolish to try to get rid of Dandruff and to prevent Baldness by feeding the germs which cause it, with Canthrarides, Vaseline, Glycerine and similar substances which form the principal ingredients of most so-called Hair Vigors.

Newbro's Herpicide is successful because it attacks and kills the parasitic germ which feeds on the hair roots.

It is the original and only genuine scalp germicide manufactured.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

WORTH TRYING.

A Few Facts Regarding the Location of Settlers.

It is a noticable fact that the number of winter visitors to Florida is increasing every year, and another point that is visible to the naked eye is the almost daily inquiry of many of these visitors regarding the crops raised in the State.

There are many well-to-do farmers in the North who have retired from their large farms and taken up their homes in the smaller cities, who are tired of the tedious winters that pinch them for about seven or eight months in the year and they long for a place where they can enjoy the free air and not have to poke in the coal to keep warm.

Many of these men are inquiring about the price of land. They do not care to own a large farm, but a few acres, on which they can busy themselves a few hours each day, as they become so accustomed to toil that they would be unhappy in absolute idleness. These men would come to Gainesville for the winter at least, and perhaps later would become permanent residents, when they were aware of the fact that a summer here is as pleasant as a winter. But there are thousands who do not know of the advantages in and about Gainesville and Alachua county, because so little has been done in the way of advertising. To start the ball rolling, let a party of men who have real estate in the city, farms, etc., for sale, get up a real estate paper or occupy a portion of one of the regular newspapers for that purpose, send them to different localites in the North, where they will reach men who are anxious to come here, and thus add to our population a number of people who will be a credit to any community.

Printer's ink will work wonders when properly used.

Do Not Suppress a Cough.

When you have a cough do not try to suppress it, but remove the cause. The cough is only a symptom of some disease, and that disease is what your should cure, then the cough will stop of itself. The most common cause of coughing is a cold. Anodynes will promptly suppress the cough, and preparations containing chloroform, opium, etc., are used for that purpose, but they do not cure the cold. Chamberlain's Cough Remedy on the other hand does not suppress the cough, but relieves it by removing from the throat and lungs the mucus which obstructed the breathing and allaying the irritation and tickling in the throat. It also opens the secretions and effectually and permanently cures the cold as well as the cough. For sale by all druggists.

How the Freeze Happened.

H. E. Benson, the carriage and wagon man who has been in the business in this city for many years and who is well known here, has a reason for the cold snap which is now upon us.

While talking with a crowd of gentlemen at the corner of West Main and Liberty streets yesterday upon the coming cold snap, which was getting "colder and colder every minute," as one expressed himself, Mr. Benson abruptly explained:

"I know the reason of this cold. Some d——n Yankee has left the door open."

This reason was apparently satisfactory, and Mr. Benson held honors until L. A. Jernigan came upon the scene and explained why his dog's tongue was split.

Greatly in Demand.

Nothing is more in demand than a medicine which meets modern requirements for a blood system cleanser, such as Dr. King's New Life Pills. They are just what you need to cure stomach and liver troubles. Try them. At all druggists, 25c. guaranteed.

CRITICAL SURGICAL OPERATION

Performed on Thomas A. Edison, the Famous Inventor.

New York, Jan. 25.—A critical surgical operation has been performed on Thomas A. Edison at his home near Orange, N. J. Great secrecy was maintained by the family in regard to the affair, and few details could be obtained.

The operation was for a mastoid abscess behind the ear and very close to the brain.

As is generally known, the inventor has been deaf for many years, and the affliction has been growing worse. He has been suffering considerably for about a week, and the matter of an operation was broached several days ago, but there was strong hope that it might be avoided.

It developed, however, that while Mr. Edison was better in many particulars, the growth was not yielding to treatment, and the conclusion was reached that the operation would have to be performed at once. It was begun late last night and was not finished until an early hour this morning, having occupied more than two hours.

Mr. Edison, who is 57 years old, remained up and about until a few hours before the operation began.

Bought Chamberlain's Cough Remedy and Sent it to Friends.

Mr. F. W. J. Fletcher, a druggist in Victoria, Australia, says: "A customer of mine was so pleased with Chamberlain's Cough Remedy, which she had used for her children when suffering from colds and croup, that during a fortnight's time she obtained at my shop, nine bottles, which she sent to her friends in different parts of the State, telling them how much good it had done and advised them to give it a trial." For sale by all druggists.

ANOTHER AUTOMOBILE VICTIM.

Officer Tries to Catch Big Machine and is Seriously Injured.

New York, Jan. 25.—In attempting to capture an automobile party for over-speeding, Bicycle Policeman Ennis, who wears a score of medals for bravery, has been seriously injured. He was deliberately run down by the automobilists.

Ennis sighted four men leaving Central park at One Hundred and Tenth street in a machine running 40 miles an hour. He rode a motor cycle and sent it along in the wake of the automobile. To his yells, the four men seated in the car shrieked with laughter. Ennis was gaining slowly on the big car, when suddenly it came to a dead halt, and began to back up.

Into it Ennis crashed, head-on. His machine was shattered and Ennis was whirled headlong into the road, unconscious, bleeding from a dozen deep wounds on his head and face. In another instant the big machine was speeding away.

A general police alarm was sent out but the autoists, running at top speed, managed to enter Central park by a round about way and escaped.

Rev. Carlisle P. B. Martin, L. L. D.,

Of Waverley, Texas, writes: "Of a morning, when first arising, I often find a troublesome collection of phlegm, which produces a cough, and is very hard to dislodge; but a small quantity of Ballard's Horehound Syrup will at once dislodge it, and the trouble is over. I know of no medicine that is equal to it, and it is so pleasant to take. I can most cordially recommend it to all persons needing a medicine for throat or lung trouble." 25, 50c and $1.00. Sold by W. M. Johnson.

Sailor Guilty of Murder.

Honlulu, Jan. 25.—E. Geneau, master at arms on board of the United States gunboat Wheeling, charged with murder in the first degree, for the killing of "Useless" Harris, a negro prize-fighter, last June, has been found guilty of manslaughter in the third degree, the jury adding a recommendation of leniency to their verdict. The greatest possible penalty under the verdict is imprisonment for five years, or a fine of a thousand dollars.

Is Convicted of "Crimping."

Mobilefi Ala., Jan. 25.—In the United States district court Charles Nelson, who has been on trial for the past two or three days on four charges of "crimping," collecting money from sailors as a fee for shipping them on vessels, was convicted on all four of the charges. The minimum penalty is three years i nthe penitentiary.

Spoiled Her Beauty

Harriet Howard of 209 W. 35th St., New York, at one time had her beauty spoiled with skin trouble. She writes: "I had salt rheum, or eczema, for years, but nothing would cure it, until I used Bucklen's Arnica Salve." A quick and sure healer for cuts, burns and sores. Twenty-five cents at all druggists.

Cannibals

and savages may delight in seeing SUFFERING, but the highest thought of civilization is to relieve all pain. This can quickly be done with HAMLINS WIZARD OIL.

For internal and external curative action, it has no equal in the entire medical world. It relieves the inflammation which is irritating your nerves, regulates the circulation of the small blood vessels, and, by scientific means, gently but certainly restores your body to health.

You can't be sick, if you ward off the preliminary action of disease microbes, with this greatest of all medicines of modern times. Price 50c and $1.00. Fully guaranteed.

ALL DRUGGISTS.

Believe They Have Slayer.

Birmingham, Ala., Jan. 25.—The assailant of Miss Belle Blyoodworth, whose body was found in Decatur Saturday night, is believed to be either in Birmingham or the immediate vicinity. He has been traced here by bloodhounds. If the negro is captured he will not be taken back to Decatur, as the feeling is so high there that a lynching, it is thought, would be inevitable. The reward of $1,500 by the people of north Alabama has been supplemented by a reward of $500 by Acting Governor Cunningham, of Alabama.

If the Baby is Cutting Teeth

Be sure and use that old and well-tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

WORSHIPERS OF BAAL.

Queer Ways of an Extraordinary Sect In Turkey.

The Yezidees, the Baal worshipers or devil worshipers of Turkey, are an extraordinary people, and, although forced by the laws of conscription to serve in the Ottoman army, the seizure of one or more of their young men by a Turkish recruiting party is such a distressing spectacle that once witnessed it can never be forgotten.

Wails and yells of despair are raised. Men, women and girls kiss the recruit's eyes, cheeks, mouth and hands. Throwing themselves on the ground, they even embrace his legs and feet.

The conscript appears quite dazed with sorrow. He folds in his arms and caresses over and over again his weeping kindred, whom he will never see again. He kisses the walls and the hearth of the cabin in which he was born, but which he is about to quit forever, and wets them with his tears, but when, accompanied by his Turkish captors, he leaves the village the lamentations of the villagers cease.

Then, and as though nothing had happened, the latter go about their ordinary occupations. Never again is the conscript's name mentioned, and on joining his regiment the young Yezidee becomes a Mussulman. His kindred, believing him accursed, affect to forget him, and were he to approach the village from which he has been forcibly dragged away every Yezidee, even his dearest friends, his father, mother, brothers, sisters and sweetheart, would drive him from their presence with curses and pelt him with stones.

Gooseberries and a Cat.

Not long ago, says Collier's Weekly, officials of the department of agriculture were much amused by a letter sent the department by an occasional correspondent in Virginia.

Among other things the writer hastened to advise the secretary of the department to this effect:

My wife had a Tame cat that dyd. Being a Torture shell and a Grate faverit, we had the same berred in the Gardin, and for the enrichment of the soil I had the Carkis deposited under the roots of a Gooseberry Bush. (The Frute being up to then of the smooth variety.) But the next Seson's Frute, after the Cat was berred, the Gooseberrys was all Hairy—and more Remarkable, the Catapilers of the Same Bush was All of said Hairy description.

Pleasant and Most Effective.

T. J. Chambers, Editor Vindicator, Liberty, Texas, writes Dec. 25, 1902: "With pleasure and unsolicited by you, I bear testimony to the curative power of Ballard's Horehound Syrup. I have used it in my family and can cheerfully affirm it is the most effective and pleasantest remedy for coughs and colds I have ever used." 25c, 50c and $1.00. Sold by W. M. Johnson.

MAHOGANY WOOD.

The Way It Came to Be Used In the Making of Furniture.

Chippendale owes his reputation to the fact that he published a book of designs with over 200 copperplate engravings, so that today any one who wishes may get them and reproduce them exactly or with such changes and improvements as suit his fancy. That they are capable of improvement Chippendale himself was the first to declare. Chippendale was one of the first makers of mahogany furniture. Before his time this precious wood was valued only for the medicinal qualities it was supposed to possess.

The idea of making furniture of mahogany wood appears to have been the result of chance. A certain physician in London had a great many mahogany planks, and, wanting a candle box, he sent for a cabinetmaker and instructed him to use the mahogany for the required article of furniture. The man objected that the wood was too hard for his tools, and the doctor told him to get harder tools. The man did so, and when the doctor saw the box he was amazed at its beauty. Patients and friends talked about it, and at last the Duchess of Buckingham came to see it. She was enraptured and persuaded the doctor to give her wood for a similar box. As a result mahogany got to be the fashion.

A Grim Tragedy

Is daily enacted in thousands of homes, as death claims, in each one, another victim of consumption or pneumonia. But when coughs and colds are properly treated, the tragedy is averted. F. G. Huntley of Oakdon, Ind., writes: "My wife had the consumption, three doctors gave her up. Finally she took Dr. King's New Discovery for Consumption, coughs and colds, which cured her, and today she is well and strong." It kills the germs of all diseases. One dose relieves. KILLS SELF ON MOVING TRAIN.

Young Woman Commits Suicide in a Pullman Car Berth.

Albuquerque, N. Mex., Jan. 25.—A mysterious death occurred in a Pullman car attached to a Chicago-California Santa Fe train which passed through here. The victim was a woman, possible 25 or 30 years old.

Papers indicate her name to be Mary McKee, No. 2251 San Jose avenue, Alameda, Cal. Her ticket reads from Chicago to Los Angeles, and the Pullman conductor and porter say that when she entered the coach she was heavily veiled.

After retiring the first night the woman did not leave her berth. About two hours before the train reached here the porter heard a moaning sound from her berth and asked if she wanted anything. She replied in the negative.

An hour later the porter found the woman dead in the berth.

Although no poison could be found, the theory of suicide was advanced because several pieces of paper were found bearing her name in care of Mrs. O. B. Chase, Alameda, and the name of Mrs. A. McNiel, 228 Michigan avenue, Chicago.

The body will be held here awaiting order.

Cotton comprises the great shipment of any single article of the vessel's cargo, which is made up of general merchandise, structural iron and steel, machinery and 75 flat cars for use on an Oriental railroad.

Sickening Shivering Fits

Of ague and malaria can be relieved and cured with Electric Bitters. This is a pure, tonic medicine; of especial benefit in malaris, for it exerts a true curative influence on the disease, driving it entirely out of the system. It is much to be preferred to quinine, having none of this drug's bad after effects. E. S. Mundy of Henrietta, Tex., writes: "My brother was very low with malaria fever and jaundice, till he took Electric Bitters, which saved his life. At all druggists. Price 50c, guaranteed.

Ripley, Tenn., June 1, 1901.

Dr. E. W. Hall, St. Louis Mo.—Dear Sir: Having tried various remedies without satisfactory results, I was persuaded to give your "Texas Wonder" a trial. I have used one bottle, and although my case is one of long standing that baffled the skill of the best physician, yet it yielded at once to "The Texas Wonder," which I heartily recommend to all suffering from kidney and bladder troubles.

Yours truly,
W. H. BRUTON,

Insure with Cushman & Hill.

S. H. Gaitskill of McIntosh was among the business visitors to this city yesterday.

A. M. Cushman is suffering from the effects of a severe cold, but is still able to write policies in urgent cases.

When bilious try a dose of Chamberlain's Stomach and Liver Tablets and realize for once how quickly a first-class up-to-date medicine will correct the disorder. For sale by all druggists.

S. L. Robertson of the Armour Car Lines departed yesterday for Palatka and other points on business connected with his line. Mr. Robertson is said to be one of the most successful solicitors in the service.

Manager Thompson of the Gainesville Sewing Machine Company has returned from a brief but successful visit to Alachua and other points. Mr. Thompson is one of the most successful and competent sewing machine men in the State.

Mr. Wm. S. Crane of California, Md., suffered for years from rheumatism and lumbago. He was finally advised to try Chamberlain's Pain Balm, which he did and it effected a complete cure. This liniment is for sale by all druggists.

N. W. Littlefield, for several years connected with the cotton department of Dutton & Co., but now holding a lucrative position with headquarters at Blackshear, Ga., was greeting old friends in this city yesterday. Mr. Littlefield is one of the most competent cotton men in the South, and his services are appreciated.

Mrs. Killen and family of Orlando have arrived in the city, and will make this their future home. Mr. Killen is an elder in the Seventh Day Adventist Church. He has been here for the past few days assisting Elder Crisman in a series of meetings of the denomination at North Gainesville Hall, and became so impressed that he decided to remove his family here. It is hoped they will be pleased.

MRS. R. WILSON.

G. W. Hutchinson, wife and child of Lineville, Iowa, accompanied by Mrs. Hutchinson's mother, Mrs. S. N. J. Laughlin, arrived in the city on Tuesday evening, to remain for several weeks. They are located at 203 East Main street, N., where they will keep house.

After spending several days in the city in the practice of his profession, Col. T. E. Owens left Monday for Jacksonville, whither he will be gone for an indefinite length of time. Col. Owens is an attorney of marked eminence, and numbers his friends by neither one's, twos' nor threes', but by the score.—High Springs Hornet.

Miss Annie W. Armstrong of Baltimore, corresponding secretary of the Woman's Work of the Southern States of the Baptist Church, after a pleasant visit to Rev. and Mrs. S. B. Rogers in this city, has returned to her home. Miss Armstrong delivered a lecture to the ladies at the Baptist church Sunday evening which was well attended and greatly enjoyed. The lecture was full of interest to women from beginning to end, and a great deal of valuable information was secured.

The advance announcement of the appearance of Frank S. Davidson at the opera house, February 17th, in "Farmer Hopkins," brings with it the assurance of a rare evening's treat. Frank Davidson has won the hearts of all before whom he has appeared; the company supporting him has been selected with great care, and the specialties and music of the orchestra are a pleasing feature. The company carries all special scenery for the production, and a good, clean comedy entertainment may be expected.

Among the visitors to this city is J. H. Bodiford of Colquitt, Ga., father of Dr. J. S. Bodiford, who arrived Wednesday night. The arrival of this gentleman was quite an agreeable surprise to Dr. Bodiford, who was delighted to greet him at the door. Mr. Bodiford is somewhat advanced in age, being now in his eighty-ninth year, but is as active as anyone of forty. He enjoys fine health and declares now that he can beat any "young buck" in a foot race of a hundred yards or more. He is possesed of a most aimiable disposition, and is destined to make friends wherever he is known.

RUSSIAN STRIKERS ISSUE MANIFESTOS

Clamor For Free Government and Dethronement of Czar.

STRIKE SPREADS IN THE EMPIRE

Ancient Nation Throbs with Excitement and Fear of Bloody Revolution—All Business Practically Suspended in St. Petersburg.

St. Petersburg, Jan. 24.—2:25 p. m.—St. Petersburg wears a martial aspect today. Everywhere troops have been drawn into court yards. Only pickets are left outside, and small squads of Cossacks are patrolling the streets. The stores along the principal thoroughfares are mostly closed and barricaded.

The correspondent of the Associated Press noticed several men distributing proclamations. The people formerly were shy of accepting such documents; now they are eagerly accepting them and have nick-named them "lastotchke" (swallows), an allusion to the spring which has become a synonym of evolution. The correspondent secured a number of copies. They are all signed by "th eRussian Social-Democratic Labor Party."

The proclamation dated Jan. 22, reads:

"Comrades! So long as autocracy exists no improvement in our condition is possible. Therefore we continue to inscribe on our banners the following demands:

"The cessation of the war.

"The summoning of a constitutional assembly of representatives of the people, universal suffrage and direct, secret ballot.

"The removal of class and race privileges and restrictions.

"The inviolability of the person and docile.

"Freedom of conscience, speech and the press; meetings, strikes and political associations.

A second proclamation, dated Jan. 23, says:

"The protelariat of all countries are united.

"Citizens, you have witnessed the bestial cruelty of the autocratic government. You saw blood flowing in the streets. You saw hundreds slaughtered defendants of the cause of labor. You saw death and heard groans of the wounded women and defenseless children! The blood and brains of workingmen were spattered around where their heads had been laid. Who directed the soldiers to aim their rifles and fire bullets at the breasts of the laborer? It was the emperor, or the grand dukes, the ministers, the generals, the nobles of the court!

"They are the murderers! Slay them.

"To arms, comrades! Seize the arsenals and the arms at the depots, and at the gunsmiths. Lay low the prison walls. Liberate the defenders of freedom; demolish the police and gendarmes' stations, and the government and state buildings! We must throw down the emperor and the government, and must have our own government!

"Long live the revolution!

"Long live the constituent assembly of the representatives of the people!"

A third proclamation appeals to the people not to attempt to injure private property.

The wildest rumors are in circulation. A mob is reported to be marching on the Tsarskoe-Selo to see the emperor as the multitude marched to Versailles to ask King Louis XVI of France, for bread in 1789, but the story is utterly without foundation. In certain quarters, where the woes of Russia are always laid to the door of Great Britain, the feeling aainst the British had become intense, it being charged that the British are furnishing money to bring about a revolution.

St. Petersburg, Jan. 24—11:10 a. m.—The night was quiet. There are no signs of undue excitement this morning, although thousands of workmen are strolling through the street.

A number of government printers resumed work this morning.

An official account of yesterday's events is as follows:

During Monday there were collisions between the strikers and the troops. Detachments of soldiers had no need to use their arms as the crowds dispersed when the troops appeared.

In the cours eof the day an attempt was made to attack Gostinny Dvor market, but it was repulsed. Workmen at the electric stations joined the strike in the evening. Then some groups taking advantage of the darkness began to break windows in the shops; but order was everywhere quickly restored.

No person was killed or wounded on Monday. The exact number killed on Sunday was 96; wounded, 333, of whom 53 were treated at hospitals.

Strike at Moscow.

Moscow, Jan. 24.—11:15 a. m.—The strike is spreading rapidly. All the printing works have been stopped. No newspapers will be issued tomorrow. Thus war there have been no collisions with the police.

Employes of tanneries who are out on strike remain quiet.

The police have ordered all arms to be removed from the windows of the gunsmiths, a majority of whom have closed their shops.

Employers of Bachrushin Michaeloff, Linder and Schraeder factories, have joined in the strike.

A body of strikers at noon today forced their way into the works of the firm of Hopper and compelled 500 men to join the strike. Simultaneously factories and other works were closed throughout the districts adjoining Danieloff street.

Strike Spreading to Other Towns.

Vienna, Russia, Jan. 25.—A strike has commenced here. The town is quiet.

Kovno, Russia, Jan. 25.—Work has been stopped at all the factories and railroad shops here.

Warsaw, Jan. 14 - The strikers here at noon today totalled 10,000.

Trieste, Jan. 25.—Several hundred workmen assembled before the Russian consulate here late last night crying:

"Down with the czar!" "Down with tyranny!" "Down with Absolutism!"

The police dispersed the crowd.

Vienna, Jan. 25.—Workmen held a meeting in a hall here last night to discuss the strike situation at St. Petersburg. As soon as the first speaker mentioned the word St. Petersburg, the police official, who always attends such meetings, ordered the meeting to be dissolved. His order was carried out amid considerable tumult.

Tokio, Jan. 25.—The Japanese are keenly watching developments at St. Petersburg. The newspapers publishing extra accounts of the riots are eagerly read. The people were shocked at the death roll and there is a widespread feeling that the bureacracy will be powerless to stem the tide of reform, and that the downfall of the bureaucratic system must end the war.

How Japan Views Strike.

A member of a foreign legation said: "The war is over unless the Russian people are crushed with an iron heel. It has brought about a crisis. The Japanese army is now fighting the battle of the Russian people."

News at London.

London, Jan. 25.—A dispatch to a news agency from St. Petersburg timed 12.21 today, says:

Crowds of strikers are again concentrating on the Nevsky prospect.

The situation is so tense that many inhabitants of St. Petersburg are sending their wives and children to Helsingfors and elsewhere for safety.

A meeting of 250 barristers and solicitors has passed a resolution of solidarity with the strikers, protesting against the action of the government in provoking bloodshed, declining to plead in the courts and decided to open a subscription in aid of the propaganda.

A big brass plate at the entrance of the Russian embassy here was wrenched off at 2 o'clock this morning. A

SENATE PREPARING FOR SWAYNE TRIAL

Chief Justice Fuller Will Swear In The Senators.

CATTLE RAISERS ENTER PROTEST

Appeal to Interstate Commerce Commission Regarding Freight Rates. Happenings in the House and Senate.

Washigton, Jan. 25.—At 2 o'clock today Chief Justice Fuller will swear in the senators as a trial court of impeachment for the Judge Swayne case. A resolution will probably be passed authorizing Senator Platt, of Connecticut, to preside during the impeachment proceedings as Senator Frye, president pro tempore, does not feel strong enough to preside over the legislative session and also during the impeachment trial.

Cattle Men Register Protest.

Washington, Jan. 25.—S. H. Cowan, of Ft. Worth, Tex., representing the cattle raisers' association of Texas, was heard today by the house committee on inter-state commerce and foreign commerce on the bills to give further power to the inter-state commerce commission. He said the cattle men believed they had been injured by advanced rates and had made complaint to the inter-state commerce commission. He said there was no basis for making a rate, but believed that railroads made rates with a view to making the most money. Whether the shipper should pay more than he did in 1898, said Mr. Cowan, should not be left to the railroads for determination, but to some one else.

Throughout the entire southwest, he said, it was the universal opinion of cattlemen that freight rates on cattle were too high. The railroads, he added, have said in defense of advanced rates that they should be permitted to share in the general prosperity of the country but he said if there was anything in that theory, they should also share in adversity.

In the Senate.

Washington, Jan. 25.—The first material evidence that the senate is about to enter upon the Swayne impeachment trial appeared in the senate chamber at the beginning of the session today in the shape of a half dozen chairs placed inside the bar. They were located in the front of the the first row of seats on the representative side of the chamber. Of the seven managers only five appeared, Messrs Powers and Olmstead being absent. They appeared in a group in the rear of the chamber, and headed by Mr. Palmer, their chairman and were imediately announced by Alonzo H. Stewart, assistant sergeant at arms of the senate, who said:

"I have the honor to announce the managers of the souse of representatives to conduct the impeachement proceedings against Charles Swayne, judge of the northern district of Florida."

In the House.

Washington, Jan. 25.—Upon convening of the house of representatives today Speaker Cannon announced as the conference on the part of the house in charge of the omnibus claims bill, Messrs. Mahon (Pa.), Otjen (Wis.) and Sims (Tenn.).

Governor Frazier Inaugurated.

Nashville, Tenn., Jan. 25.—Governor James B. Frazier was this morning inaugurated as chief executive of Tennessee to serve his second term of two years. The inaugural ceremonies were on a more elaborate scale than any held in recent years and a large number of people attended. The governor in his inaugural address very strongly recommended many improvements, among them that the already large appropriation for schools be more than tripled. The supreme court of chancery appeals, and all state officers attended in a body. The oath of office was administered by Chief Justice Beard.

VALUABLE JEWELS RECOVERED

Police Officers Find Stolen Goods and Return Them to Owner.

Pasadena, Cal., Jan. 25.—The $20,000 worth of jewels stolen from the room of Mrs. W. S. Edy last Saturday, have been found and returned to their owner. Chief of Police Freeman, of Pasadena and Captain Austin, of the detective force, found the box of jewels where they had been buried in the ground of the Raymond hotel, and returned them to Mrs. Edy.

It was ascertained by Chief Freeman that when the jewels had been taken from Mrs. Edey's room, presumably by Bell Boy Wilson, and turned over to Gaston, whom the police believed engineered the affair, they were sent to mail to "Harry Kellam Black, Monrovia."

According to the police story the package was claimed at Monrovia by Bell Boy Morgan, employed at the Raymond hotel in this city, and by him were buried about a quarter of a mile from the hotel.

Morgan, Gaston and Wilson are in the custody of the local police.

CROOK IN TOILS OF LAW.

Charged that He Operated By Raising Money Orders.

Knoxville, Tenn., Jan. 25.—Postoffice Inspector W. R. Keys has received information from Fernandina, Fla., that a man filling the description of a party who is believed to be George T. Lowe, had been arrested in Fernandina at the instance of Postmaster Lewis, of that city.

Lowe, it is charged, operated in the city of Knoxville with two other men a few weeks ago, raising postoffice money orders and realizing on the same. Two men, said to be James Farr and Doc Hersey, are in jail in Knoxville and Rochester, N. Y., respectively, on the same charge. Lowe is believed to be the third member of the gang. He is said to have gone south from Knoxville, visiting Macon and Jacksonville. A photograph of the man held at Fernandina has been requested by Inspector Keys to be sent here for identification.

NEW CABINET OF FRANCE.

List of Men Who Have Taken Office Under Rouvier.

Paris, Jan. 25.—he following is the list of the new cabinet ministers as finally arranged:

President of the council and minister of finance, M. Rouvier.

Minister of justice, M. Chaumie.

Minister of foreign affairs—M. Delcasse.

Minister of the interior, M. Etienne.

ON TRIAL FOR MURDER.

Killed Dr. Fred Lefew in October of Last Year.

Roanoke, Va., Jan. 25.—The case of Charles R. Fishburn, banker and broker, charged with killing Dr. Fred Lefew, a young Roanoke physician, was called in corporation court Monday. Judge A. M. Aiken, of Danville, presiding. Two Roanoke venires were exhausted and eleven jurors secured. The judge then ordered the sheriff to go to Franklin county for a venire.

On October 30 last Fishburn had a difficulty with Lefew's young stepson, later going to the Lefew residence to inform the doctor what had happened. The two men quarreled and Fishburn cut Lefew in the breast, puncturing the heart. Lefew lived two weeks. The families are prominent.

Senator Culberson Re-Elected.

Austin, Tex., Jan. 25.—The senate and house of representatives of the Texas legislature met in their respective chambers at noon today and balloted for United States senator. Chas. A. Culberson, the present incumbent was elected without opposition.

In joint session tomorrow the final ballot will be cast and Senator Culberson will be formally declared re-elected.

TO REDUCE ACREAGE AND HOLD SURPLUS

Will Be the Slogan of Cotton Growers Convention.

TO ELIMINATE SENSATIONALISM

Harvie Jordan, of Georgia, Will Be Made Permanent Chairman—Reports of Burning of Cotton Have Been Magnified.

New Orleans, Jan. 25.—All elements apparently are at work toward the end of keeping sensationalism out of the convention which begins its three days' session here today and if they succeed the convention will apply itself in a business-like way to the achievement of sane and practical results, limited in all probability to acreage reduction and provision for holding the surplus of this year's crop. A number of the delegates are urging former Congressman Catchings of Mississippi for permanent chairman and the indications today were that his name might be presented on the floor of the convention in opposition to that of Harvie Jordan, but a count of noses still points to the success of the slate announced in last

There has apparently been some apprehension that the convention would take radical steps along the line of the destruction of cotton. No such intention is evident among the leaders of the rank and file of the delegates who are already here.

"Of course, there will be no suggestion of burning cotton," said Judge Eugene Williams, of Waco, Tex. "Reports that the planters were engaged in burning cotton have been very much magnified. We have been able to learn of only three bales that were burned, one at Fort Gaines, Ga., and two in Texas, and that was simply to illustrate the deep interest of the people in the problem. I think the convention will be practical in its work."

Today's trains brought large numbers of delegates. They went as they arrived to Washington Artillery hall, where they filed their credentials.

Though the number of those present who probably exceed 1,200, the voting strenght of the convention will, of course, be very much smaller. The preliminary conferences have decided that the representation of each state shall be on the basis of cotton raised as shown by Secretary Hester's report, one vote to be allowed for each 100,000 bales or fraction thereof. No one has been selected for chairman of the resolutions committee, and the committee will select its own chairman.

ON TRIAL FOR PEONAGE.

Accused of Holding Negroes in Involuntary Servitude.

Jasper, Ga., Jan. 25.—J. W. McLaughlin, A. C. Lane and Frank Wilson, all of Tennessee, were here for trial before United States Commissioner Simmons on the charge of peonage.

These men are subconstractors on the Louisville and Nashville new line of railroad near Carters quarter, in Gordon county.

They are charged with having negroes in servitude against their will.

Each of the defendants waived preliminary examination and gave bond in the sum of $500.

H. E. Thomas, secret service man from Charlotte, N. C., has been here a few days looking after these cases. The men arrested think they will have no trouble in being acquitted when tried. Wright Williams and Wadley, contractors, of Dallas, Ga., made their bond.

Condemned Murderer To Die.

Columbus, O., Jan. 25.—The supreme court today refused to entertain a motion to file a writ of error in the case of Herman Hamilton, who is condemned to die Friday night in the electric chair for the murder of a workman in Portsmouth. An effort will be made to get the governor to commute the sentence so that the case may be taken before the pardon board.

DR. STROUSE IS STIRRING DENVER

A Leading Spirit in the Great Colorado City's Revival.

CONVERTS ARE NUMEROUS

One Hundred and Thirty-Seven Were Converted at One Meeting Held by Dr. Strouse—City is Deeply Stirred, and Stores Closed.

A wonderful revival is now in progress in Denver, Colo. All the churches of the great city are united, and hundreds are being converted. Dr. Clarence Strouse is in charge of the first district of the city, composed of fifteen churches. Dr. J. Wilbur Chapman and other evangelists are in charge of other sections.

The meetings are now in the third week. The business houses closed for the day of prayers so great is general interest.

The Denver News, The Post and The Republican are all filled with reports of the meetings. They give large cuts of Dr. Strouse and speak of him as "the eloquent young Virginian."

The papers report one hundred and thirty-seven as converted in one service held by Dr. Strouse, which it describes as "a most remarkable meeting." Several of the theatres are being opened for meetings.

We clip the following from an account given by one reporter:

"Because of his familiarity with gilded circles and his success among the world-weary society folk, Dr. Strouse enjoys the title of "The Society Evangelist." He looks the part to perfection. Attired in the most correct of street suits, with a natty Ascot tie, his blonde head surmounted by a derby, this youthful evangelist looks like he had just come from taking tea with some of the 400. But the likeness ends there. When he begins to speak the society man has vanished and it is the honest, earnest Christian who talks to you.

"Tears silently, majestically, followed one after the other down the furrowed cheeks of strong men, women buried their faces in handkerchiefs and little children grasped their hands tightly and wondered, while Dr. Strouse, in his crowded meeting last night, gave a graphic portrayal of the departure of the soul from the body and made a touching appeal for those in the audience still unsaved to take a decisive step before too late.

"Barely out of his twenties, with only a few years separating him from paddock and church, and still looking like a husky young college football player in everyday clothes, with his six-foot one of bone and muscle, the young evangelist took his audience gently but firmly, leading it step by step down life's pathway to the last farewell to earthly friends, where the goats passed on the one side and the sheep passed on the other; "where," said the young man, "the mother passes on the right and in anguish sees her husband passing down the path on the left; where the sister, passing joyfully in the flock of sheep, suddenly spies a brother mingling with the lost."

At the close of the sermon, while the choir softly sang "Just As I Am," the earnest young fisher of men urged those of his audience who were not already sure, to come forward. Fully a tenth of the thousand persons streamed to the altar, where each was given a hearty handshake and the young minister's blessing and prayer.

It was a great scene.

The Morgans May Come.

Dr. and Mrs. E. S. Morgan of Jackson Mill, N. J., who spent the season here three years ago, are now pleasantly located at Miami. They are friends of Mrs. J. M. Graham, who is now in correspondence with them in an endeavor to induce them to spend some time here. Dr. Morgan is one of the most affable gentlemen it has ever been our pleasure to meet. He and his estimable wife made many friends here who have always remembered them kindly, and trust to have an opportunity of greeting them again before the season is over.

Dr. Morgan is quite a literary man, being the correspondent for several large papers. He does not write because he is compelled, for he has sufficient means to pay his expenses for at least a "week or two," but merely because he loves the work, and his heart is in it. He is as fluent and interesting a writer as he is a talker, which says a great deal.

A CREAMY FOOD

Scott's Emulsion is cod liver oil prepared as a food—not a food like bread or meat, but more like cream; in fact, it is the cream of cod liver oil. At the same time it is a blood-maker, a nerve tonic and a flesh-builder. But principally it is food for tired and weak digestions, for all who are fat-starved and thin. It is pleasant to take; children like it and ask for more.

BIDS ARE REJECTED.

Postmaster Arnow Received Instruction From Treasury Department.

Postmaster Geo. J. Arnow has received the following letter from the treasury department relative to the proposed public building for Gainesville, which will prove of interest at this time:

"Referring to the proposals for the construction of the building to be erected on the site in your custody, received under advertisement dated November 16, 1904, and opened December 21, 1904, you are advised that in accordance with the approval of the department all the bids received have been rejected, the lowest bidder having withdrawn his proposal, on account of the alleged mistake in his figures, and all the other bids being in excess of the amount available for the work.

"Respectfully,

"J. K. TAYLOR,

"Supervising Architect."

In speaking of the above, Postmaster Arnow states that this action will in no way affect the construction of the building, but it will now be necessary to ask for new bids. In the meantime our representatives in Congress will exercise their efforts to secure the desired increased appropriation.

COUNTY PRISONERS.

Now Located at the McDonald Turpentine Farm, Fairbanks.

On Monday morning Sheriff Fennell, assisted by W. Dixon, landed twenty county prisoners at the J. B. McDonald turpentine farm at Fairbanks, where they will be worked, most of them having been transferred from the Dutton mines near Newberry. They were certainly a varied looking lot, among them being several boys of not more than fifteen years and three being so badly crippled they were taken by wagan the seven miles, while Sheriff Fennell, mounted on horseback and carrying a strong argument over his shoulder in the form of a shot gun, marched the remainder to their new quarters.

At Fairbanks they were greeted by Doctor Godwin, who showed them to the new stockade which is now nearly confpleted, and they were stowed away to get ready to produce a supply of naval stores for the trade.

Judging from ths looks of several of the "gang," the market will not be flooded through their efforts, although they will have to hustle around somewhat to earn the $18.50 per month this firm pays the county for their hire.

Equipped With Wheels.

The Gainesville Fire Department, which has enjoyed a reputation as one of the most efficient in the State, has been improved by the addition of a "bicycle brigade." Chief O'Neill and Assistant Chief Cushman have been supplied with handsome chainless Cleveland wheels, equipped with fog horns which can be heard for ten blocks.

In the event of a fire, if any person should be run down by the department bicycles it will be their own fault, as the warning notes will serve as a hint to clear the way.

Sickening Shivering Fits

Of ague and malaria can be relieved and cured with Electric Bitters. This is a pure, tonic medicine; of especial benefit in malaria, for it exerts a true curative influence on the disease, driving it entirely out of the system. It is much to be preferred to quinine, having none of this drug's bad after effects. E. S. Mundy of Henrietta, Tex., writes: "My brother was very low with malaria fever and jaundice, till he took Electric Bitters, which saved his life." At all druggists. Price 50c, guaranteed.

NEUBERT ESTATE SUIT.

Sister of Deceased Wishes to be Made a Party to the Suit.

The following from The Times-Union will prove of interest to readers of The Sun, since the deceased was well known here, having been engaged for many years as a baker:

"More claimants have come to the front for a share in the estate of Williams Neubert, deceased, late of Gainesville, Fla., who died in that city October 28, 1898.

"For some years a suit has been pending in the United States Court for the Southern district of Florida between claimants to this estate. It is the suit of Andreas L. Whitting and fourteen others, all residents of Germany and subjects of the Emperor of Germany, vs. Louis J. Burkhim, Marcus Endel and Jacob Endel, residents of Alachua county, Florida.

"Yesterday there was filed in the United States Court a petition of Marie Eliza Fugman, nee Neubert, and Rheihbold Fugman, her husband, to be made parties to the suit. The petitioners are from Leitz, Germany, and the petition was filed by William Wade Hampton and A. H. King, attorneys and counsellors at law.

"The petitioners represent that Marie Eliza Fugman, nee Neubert, was a sister of William Neubert, deceased, who died inteslate, and without issue. They also set up that she is an heir and distributee of said Neubert, deceased, and is entitled to an interest in proportionate part of said estate as such heir, towit, a one-eighth undivided interest."

Deafness Cannot be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & Co., Toledo, O.

Had a Big Hunt.

A jolly trio of Georgians hailing from Savannah, who were at Spring Park Farm as the guests of Manager N. A. Callison for three of four days days, have returned to their home. The party comprised J. M. Dixon, president of the city council; Mr. Gadsden, director of public works, and Hal P. Bacon, member of the firm of Bacon & Sons, extensive lumber merchants of the Forest City. They came for the purpose of a few days' hunt on the farm, and were not disappointed, as they enjoyed fine luck, and Mr. Callison made everything as pleasant as possible for them.

These gentlemen are well pleased with the farm, which they enthusiastically declare is one of the prettiest estates they have ever seen. They have promised to return as the opportunity presents.

A Grim Tragedy

Is daily enacted in thousands of homes, as death claims, in each one, another victim of consumption or pneumonia. But when coughs and colds are properly treated, the tragedy is averted. F. G. Huntley of Oaklandon, Ind., writes: "My wife had the consumption, three doctors gave her up. Finally she took Dr. King's New Discovery for Consumption, coughs and colds, which cured her, and today she is well and strong." It kills the germs of all diseases. One dose relieves. Guaranteed at 50c and $1.00 by all druggists. Trial bottles free.

TELEPHONE SYSTEM IS STILL BUILDING

Line Will be Extended to McIntosh During Present Week.

REACHING TOWARD OCALA

The Long Distance Service of the East Florida Telephone Company Proving a Big Convenience, and the Service is Growing and Improving.

One of the most convenient additions to this section in recent years is the service afforded by the long distance lines of the East Florida Telephone Company.

This company at the beginning was more of an experiment than anything else. Realizing, however, the need of a telephone service between Gainesville and Arredondo, Palmer, Micanopy, Rocky Point and other places, Manager Voyle thought the venture would prove profitable, with the result that he installed the system at considerable expense.

The East Florida Telephone Company now has lines extending from Gainesville to Archer and intermediate points, to Fairbanks, and to Micanopy and intermediate points. There are now about fifty telephones on the line, which prove a great convenience to the merchants of Gainesville and the people of the country. The matter of a quick and convenient service has been realized, and those who use the 'phones would not do without them for any reasonable consideration. There are at present no instruments at Wacahoota, Tacoma and Clyatt, but those desiring 'phones in these sections may now get them.

The latest subscribers to the system are Crawford & Davis, who have just installed a 'phone.

The company began Monday to extend the line from Micanopy to McIntosh and other points in that vicinity, and within the next few days it will bo possible for Gainesville people to talk with perfect ease to McIntosh. It is the ultimate intention of the company to extend the service to Cedar Key, Ocala, Waldo and Melrose, which will afford a most ecxellent service.

ODD FELLOWS' HOME.

Items Concerning the People at This Popular Resort.

Gustavus Culp of Gettysburg, Pa., who is on a tour of Florida, is a guest at the Home for a few weeks.

George B. Nikodem of Chicago arrived at the Home on Sunday, to remain for an indefinite period. He is an old time Odd Fellow.

Mr. and Mrs. D. G. Edwards, accompanied by Mrs. M. Dougherty of Lafayette, Ind., paid a visit to Windsor on Sunday, where a large number of Indiana people are spending the winter.

O. P. Morgan has made himself popular with the lady and gentlemen boarders by treating most of them to a carriage ride on Sunday. He hitched a span of his fine driving mules to a three-seated surry and they all had the pleasure of viewing some of the romantic scenery about Gainesville.

Some of the guests visited the city school on Monday morning and witnessed the opening exercises. They were pleased with the manner the pupils performed their parts and the courtesies extended by Prof. J. G. Kellum. Master Carthel Byars and Miss Florence Wilcox of the Home are attending the school.

WINDSOR TO THE FRONT.

Many Northern People Have Arrived And Are Enjoying Life There.

Among the visitors to this city Saturday was Hon. J. A. Rosborough of Windsor, reperesentative-elect from Alachua county.

Mr. Rosborough states that Windsor is on a young boom now. A great many Northern people, a majority of whom are from Indiana, have arrived, and are enjoying themselves hunting and fishing. The crowd as an aggregation is a jolly one, and as a result Windsor is quite lively at this season.

In all there are about fifty visitors at Windsor now, with the probability of an increase in a short time.

Spoiled Her Beauty

Harriet Howard of 209 W. 35th St., New York, at one time had her beauty spoiled with skin trouble. WOMEN'S NEGLECT

SUFFERING THE SURE PENALTY

Health Thus Lost Is Restored by Lydia E. Pinkham's Vegetable Compound.

How many women do you know who are perfectly well and strong? We hear every day the same story over and over again. "I do not feel well; I am so tired all the time!"

More than likely you speak the same words yourself, and no doubt you feel far from well. The cause may be easily traced to some derangement of the female organs which manifests itself in depression of spirits, reluctance to go anywhere or do anything, backache, bearing-down pains, flatulency, nervousness, sleeplessness, leucorrhœa.

These symptoms are but warnings that there is danger ahead, and unless heeded a life of suffering or a serious operation is the inevitable result.

The never-failing remedy for all these symptoms is Lydia E. Pinkham's Vegetable Compound.

Miss Kate McDonald, of Woodbridge, N. J., writes:

Dear Mrs. Pinkham:

"I think that a woman naturally dislikes to make her troubles known to the public, but restored health has meant so much to me that I cannot help from telling mine for the sake of other suffering women.

"For a long time I suffered untold agony with a uterine trouble and irregularities, which made me a physical wreck, and no one thought I would recover, but Lydia E. Pinkham's Vegetable Compound has entirely cured me, and made me well and strong, and I feel it my duty to tell other suffering women what a splendid medicine it is."

If you are ill, don't hesitate to get a bottle of Lydia E. Pinkham's Vegetable Compound at once, and write to Mrs. Pinkham, Lynn, Mass., for special advice—it is free and always helpful.

DEATH OF MRS. RHODES.

Eldest Daughter of Judge Geo. J. Arnow Passed Away Sunday.

The Sun regrets to chronicle the death of Mrs. Julia G. Rhodes, which sad event occurred at her home on Sunday morning shortly after 11 o'clock.

Deceased was the eldest daughter of Judge Geo. J. Arnow of this city. She was born in Micanopy September 16, 1854, and was consequently at the time of her death in her fifty-first year.

Mrs. Rhodes was married first to Archie Mixson, in 1875. Two children were born to them, after which Mr. Mixson died, and in 1881 the widow married Chas. Rhodes, with whom she has since lived happily. She was a devout member of the Baptist church, and a noble, Christian character.

Deceased is survived by a husband, Chas. Rhodes, and six children—Mrs. S. A. Pardee, Mrs. Mamie Kennard, Charles, Archie, James and Pearl Rhodes. She is also survived by a father, two sisters, and four grandchildren. Judge Arnow, her father, Benj. T. Arnow, a brother, and Mrs. Rosa Waters, a sister, arrived at the home from Gainesville about an hour after the death.

The funeral was held from the residence Sunday afternoon, Elder Mixson of the Baptist church officiating. The interment was in the Flemington cemetery. Friends of the family extend sincere sympathy in their bereavement.

Reflections of a Father

Upon the death of his first-born, Julia G. Rhodes, who died January 21, 1905:

One by one the leaves are falling,
One by one our God is calling,
Our loved ones meeting in the sky,
We'll join them there bye and bye.

Julia, first-born, last to go,
To join the eight who went before;
Four are left to join the throng—
When must they go? Oh! God how long?

Must I, their father, old and worn,
Survive them all? By fresh grief torn,
To walk the path of life alone—
To weep in silence and to mourn?

Oh! cruel fate, to rend the tie
That binds each loved one to my heart,
When crushed by years, I'm forced to die,
Must I alone, alone depart?

Will no child be left to guide my feet
In struggling up the hill of life?
And brace me up 'till I can meet
My children dead and darling wife?

AN ACQUISITION.

W. W. Ashley Will Solicit Business in Future for The Sun.

The Sun desires to announce to the people of Gainesville and the surrounding country, that it has secured the services of W. W. Ashley, a newspaper worker for many years, and quite well and favorably known in Gainesville, who will devote his time to soliciting subscribers, advertising and job printing, and also receive any items of local news for the paper.

It is the aim of the publisher to make The Sun a paper in keeping with the progress of our city, and this can only be done by the hearty co-operation of our citizens. The better the patronage the better the paper, and the statement that a city has a daily paper is always indicative of a busy town.

W. W. ASHLEY.

How good a paper shall be depends on the publisher and its patrons. If the paper does not come up to your idea of what it should be, don't "knock," but try to "boost" it. As in the past The Sun will in the future labor for the best interests of Gainesville, and when one stops to consider that the columns of a paper are the stock in trade of the publisher, the same as the goods on the merchants' shelves, then it can be easily figured how much a paper gratuitously advertises a city each year, which brings as much benefit to the property owner or merchant as to the paper.

If you do not take The Sun now, try it for a month, when called on by Mr. Ashley, and we assure you it will contain all the local as well as general news of the day.

We will also be glad to receive any favors in the line of advertising and job printing, and give you value received.

A. E. Whittemore of Bowling Green, Ky., who is one of the hustling business men of his home town, besides being an alderman of his city, is stopping at the Odd Fellows' Home to recuperate his health. He is gaining rapidly, is so pleased with the climate, the water and all about Gainesville, that he thinks strongly of locating here permanently.

Although Mr. Whittemore has only been here a few weeks he has improved so rapidly that he complains that his clothes don't fit him, and he contemplates indulging in a course of training to reduce his weight. He has been afflicted with bronchial trouble, but is steadily gaining a mastry over his annoying trouble.

WASHINGTON LETTER.

Washington, Jan. 23.—It is nip and tuck between society and politics in Washington at this season, and the race will go on till Congress and society pass under the wire on the fourth of March next, when the season will end with a great parade and an inaugural ball. Heretofore the soldiers from the surrounding States have been quartered in the different department buildings. These have been closed against them and it is proposed to give them a taste of the horrors of war by quartering them in tents with plank floors warmed by patent stoves and furnished with sleeping cots, folding chairs and a "bath" tub.

The President's term in his own right will begin at noon on the fourth of March next. He will be no longer under the sacred behest of carrying out the policy of McKinley, whatever that policy may have been. But if his edge has not been dulled by the routine and humdrum of office the country may expect the liveliest administration in its history.

The most interesting episode of the week has been the defense of Senator Mitchell by himself on the floor of the Senate. Thirty-three years ago this same Senator Mitchell was the youngest senator, and served at that time with Morton of Indiana, Thurman of Ohio, Conkling of New York, Andrew Johnson of Tennessee, mighty shades long since dead. About two years ago he was returned to the Senate from Oregon, and after an absence of twenty-five years he is again on the Senate floor, among the ghosts of his old confreres. He has been charged with pushing through a land patent, using his Senatorial influence, and getting paid therefor, a bribe of two thousand dollars. The evidence against him is most positive, provided a convicted and sentenced witness can be believed. Your correspondent heard his defense, which was little more than an impassioned denial of having received any money for his efforts in getting through the land claim. His denial appears to have been effective in convincing his friends of his innocence, but to have had no influence over those not predisposed in his favor.

The sentence of Senator Burton of Kansas during the last term of Congress and the exposure of a number of members who had been too active in pushing schemes through the postoffice department, together with the case of Senator Mitchell and Representative Hermann of Oregon, cannot but be a wholesome warning to our law givers, admonishing them to confine their activities more strictly to their legislative work, warning them that they cannot act as attorneys for their constituents or friends. Everything points in the direction of cleaner statesmanship and a higher and more rigid construction of the duties of the legislative branches of our government.

It will be remembered that during the recent presidential campaign Mr. Cortelyou, the Republican manager, repeated more than once that if President Roosevelt were elected he would be elected without a pledge or promise to any man. President Roosevelt has been elected, but it need not be assumed that he has nothing to give his friends or to those who worked unbought to secure his election. There are many Democrats holding desirable offices in Washington, there are many Republicans, who, to put it mildly, are unfit to hold the offices for which they have drawn pay for from four to twenty-four years. There has never been a President so thoroughly acquainted with the weakness and rottenness of the Civil Service as the present executive. Two or three weeks ago the National Civil Service Reform League held a three days' session, variegated with social functions, in Washington. It was a dilettante body and its time was taken up with academic discussions about the retirement of aged clerks and a system of pensions for those long in the service. A delegation waited on the President to know if he had anything to communicate, and his laconic reply that his communication on the subject of Civil Service would be in his work, was doubtless significant of what he is now doing and will do. A number of persons have been informed that their resignations would not be refused, and it is almost certain that the long hoped for improvement of a service which, with the exception of that of Russia and China, is the most corrupt and moribund on the planet, will be accomplished.

My charges against the Civil Service of the United States will doubtless seem extravagant and exaggerated to far-off, wholesale admirers of our government and to those who imagine that it is impossible for the stars and stripes to float over anything that is not entirely and purely good. But to those who have been behind the scenes, who have seen the greasy ropes and pulleys by which splendid stage effects are produced, there is nothing extravagant in the statement. There are thousands of persons receiving the pay of the government who perform no adequate service for that pay—no service in fact that might not just as well be undone. They are the relicts and relatives and friends and henchmen of members and senators and cabinet ministers, some of them long since dead and some of them still in Washington and influential. The present system of appointment under Civil Service examination will doubtless result, in time, in the purification and improvement of the service, but why should the government have to wait a quarter of a century for this improvement and purification, when thousands of well equipped and competent persons are ready to take the places of these incapables? The government work in many departments is far in arrears simply because these people appointed by favor will not work, have never worked, and do not know how to work.

THROW OFF THE DEBT.

Now is the most favorable time the farmers of the South ever had to get out of debt. If they are not frugal enough to do so now, they must expect to remain debt-ridden the balance of their time, so says an exchange. There are a few suggestions that seem proper in the present condition of the country.

Do not run any deeper in debt. Cultivate no land that will not pay. Employ no hands from which a profit may not be made. Raise everything, even to poultry, that may be needed for supplies. Try to spend less money than is made. If necessary wear old clothes, do without luxuries and stay at home until all debts are discharged. Get even with the world and be a free man, although you have to live on cornbread and fat meat and do without sugar and coffee. There is no trouble like debt, and there is no sacrifice which one should not try to make to throw it off. It is the "Old Man of the Sea" that sits astride the farmer with his ever ghastly grin, weighing him down, impairing all his strength, weakening his energies and beclouding his own life and the life of his family. Happiness and debt are incompatible. They cannot co-exist. The farmers of the South are more cosmopolitan than those of the North. They deal more with the commercial world. They are thrown into more intimate relations with men of enlarged views. There is a great proportion of men of high intellectual attainments engaged in Southern agriculture. Many of these are college-bred and find delight in the graces of literature and the treasures of science and sympathize with all schemes tending to the advancement of civilization. Many of them are public-spirited and deserve a better fate than to be forever worrying over a condition of things highly unfavorable to their material prosperity, and which can only be corrected by giving to their agricultural operations the same measure of common sense that is given to other duties.

It may be set down as an incontrovertible fact that no farmer or planter can do the best things at the best times if he is in debt. Not only this, but he should have a working capital at least equal to half the value of his real estate. With such a capital he can hold or sell his crop, buy the best labor at the lowest rates, secure the best implements of husbandry, preserve and increase the fertility of the soil and keep his buildings in repair.

A farmer so equipped moves forward in his work with a certainty of success, and to secure this equipment half of his landed estate should be sold, if necessary. There is many a planter in the South to whom the aphorism of Ovid may be applied:

"I know the right and approve it, too;
Condemn the wrong and yet the wrong pursue."

The dishes and silver at the St. Regis Hotel in New York are marked with an anchor. This, it is supposed, is a hint to souvenir collectors who prey on hotels and restaurants.

The lecturer who says a woman should not marry until she can support a husband must want to put the men of this country on a level with foreign noblemen.

PATENTS TO GULF COAST INVENTORS.

The following patents were recently issued to the Gulf Coast clients, as reported by D. Swift & Co., patent lawyers, Washington, D. C., who will furnish complete copies of any of them to readers of The Sun for ten cents per copy:

Texas—Sam C. Anderson, Wheelwright, horse detacher, wrench and harness attachment; G. W. Butcher, San Antonia, fire box; Luella M. Lowe, Canadian, teneriffe disk; R. J. Mareburger, Dallas, tie bar; G. H. Nichols, Galveston, sloe lace; John A. Nelson, Roundrock, insect-destroyer; Gaetano Palladino, El Paso, chimney.

Florida—T. W. Boyle, Jacksonville, cotton and corn cultivator; E. R. Trammel, Lakeland, car coupling.

Mississippi—R. G. Mytton, Meriden, explosive engine; M. E. Tynes, Gloster, embroidering attachment for sewing machines.

Alabama—G. L. Tuttle, Shorter, trolley; F. G. Cobb, Huntsville, filling-replenishing loom.

The secret of the South's wonderful growth and development lies in the fact that her citizens have an originality of mind and are capable of adapting it to meet new conditions. Some of the most useful inventions granted by the Patent Office last week were from Florida citizens, as the foregoing abundantly proves.

FLORIDA CRANBERRIES.

The following from The Ocala Banner will be of interest to our readers:

"John Farrell of Framingham, Mass., a former resident of Ocala, has received from the East Coast Railroad Company a very flattering and liberal offer of lands and other inducements to return to Florida and start an experimental farm for the cultivation of cranberries. Prior to the big freeze Mr. Farrell owned a large orange grove two miles east of Ocala on the Fort King road. The place was known as the "Bostonian settlement." Some of our older readers will doubtless remember him.

"Since his return to Massachusetts he has been giving his attention to the cultivation of cranberries and he believes that they can be profitably grown in Florida. He has made excellent arrangements with the East Coast railroad and will give employment to a large number of men, women and children, especially during the cranberry picking season."

President Roosevelt began last Thursday with a breakfast at eight to which he invited some newspaper men. During the morning he met and conferred with a delegation on the railroad bill, besides receiving the visits of senators and representatives who called. He entertained a distinguished musician at luncheon. He returned to his office where he remained until five, when he took a long horseback ride with Senator Lodge. He had a large party of dinner guests, including Whitelaw Reid, and in the evening he shook hands with between fifteen hundred and seventeen hundred persons at the diplomatic reception. After the reception he took supper with the receiving party. And Parson Wagner said President Roosevelt leads the "simple life."

A newspaper may devote a column in the praise or commendation of a man and he will forget it in a couple of weeks, but a two-line local that is not altogether pleasing will be remembered by the average reader for two years.

The President of the largest express company in the United States is also senior senator from the most populous and richest State in the Union. He has for years been the acknowledged boss of his State and has wielded an influence second only to that of the President of the United States. He is presumed to represent and be chiefly concerned in the interests of his State and the country at large, but as a stockholder and president of the express company he has worked for the advantage of a private corporation and against the interests of the people of the United States, and the country at large has been taxed millions of dollars to support these express companies in rivalry with the United States postal establishment. If it were not for Senator Platt, with his powerful influence backing the express companies, we would long since have had a self-supporting postal establishment with letters costing one cent postage instead of two. Mr. Roosevelt knows this, the postmaster-general knows, it, hundreds of thousands of American citizens know it and feel it; can it, shall it be continued? Reform is in the air; hoary bloated corruptionists must be pulled off like ticks from animals, even though the process involves capitation.

It is expected that there will be a determined fight in the Senate against Senator Scott's bill for reducing the cavalry regiments to ten, thus cutting them down one third. It is well known that the cavalry service is preferred to either the artillery or infantry by the army officers and men. Senator Scott claims that ten regiments of cavalry will answer all purposes of the United States. Cavalry is not necessary in the Philippines, except in a few isolated places. Since rifles and muskets of greater range have been introduced cavalry has gone into comparative desuetude. Unless the commander is insane there will never be another old time cavalry charge. Then the railroads crossing the country in so many directions make it possible for infantry to move with ten times the rapidity of cavalry. The day of cavalry, like the day of chivalry, is past.

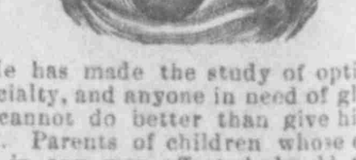
SATURDAY WILL POSITIVELY BE DR. GOLDSTEIN'S LAST DAY IN GAINESVILLE.

IS HERE AND WILL REMAIN UNTIL THE 28TH—EXAMINATION AND CONSULTATION FREE.

Dr. G. Goldstein of Louisville, who is well known by the people of Gainesville and vicinity, has arrived in the city and will be located at the Brown House Parlors the balance of the present week. He will fit glasses to the eyes of those who need them.



He has made the study of optics a specialty, and anyone in need of glasses cannot do better than give him a call. Parents of children whose eyes are in any way affected should take them to Dr. Goldstein and have them examined. Too much care cannot be taken in this particular, as any neglect on the part of the parents may lead to most serious consequences in after-life. If the eyes of the child need glasses the Doctor can determine it and adjust such glasses as will be the most apt to preserve and increase their strength. The Doctor has been giving satisfaction for many years, and we can recommend him as worthy the patronage of the public. Those suffering with their eyes should call on him, and if he doesn't give relief it will not cost them anything. He can adjust to any eyes and any age. A good glass rightly adjusted is a luxury to a person with failing sight; they can ill afford to do without. A glass imperfectly adjusted is worse than no glass.

COLD DAMAGED TRUCK INTERESTS

It is Estimated That Several Thousand Dollars Will be Lost.

TRUCKERS WERE PREPARED

As a Rule, and Those Who Had the Advantage of Telephone Connection Covered Their Crops During the Day—Loss to Beans and Cabbage.

The cold wave is upon us, and it is one of the coldest of the season.

The government report from the weather bureau at Jacksonville, received yesterday, stated that the temperature would fall considerably, and that this would be the most severe cold wave since the fatal freeze of 1895.

The various growers of truck in this section took advantage of the advance reports, and yesterday were busily engaged covering and otherwise protecting their products. Telephone messages were sent to the growers where they could be reached, with the result that by evening a large proportion of the crop had been protected.

While the loss will naturally be heavy from this freeze, a great deal of the crop was saved, owing to advance instructions. Nearly all the crop along the Gainesville and Gulf south of this point is protected, which means that the loss in this section will be comparatively small. Other growers, however, who could not be reached by 'phone, will suffer materially, as they were unaware of what the conditions would be.

Among the crops to suffer most will be the lettuce, young bean and cabbage crops. The former is just now in the heighth of the season. The beans will shortly be coming on, and as a rule have just reached above the ground.

Those truckers who have been shipping cauliflower and unprotected lettuce have enjoyed a good thing financially, as good prices have been realized. While a great deal of lettuce has been grown under cover for late shipments, large consignments of early growth have been made, with the result that these growers will not suffer so materially. Many of those, however, who have grown unprotected crops also have considerable protected lettuce, and it is doubtful whether this plant will succumb the cold.

WILL HAVE A SUPPER.

Mount Vernon Lodge is Preparing For a Big Time at Early Date.

The last meeting of Mount Vernon Lodge No. 20, Knights of Pythias, was an interesting one. It was interesting from several points of view, the lodge having conferred the work in the Rank of Knight, which it is said was good, and having at the conclusion of the meeting decided to give a supper in the near future for the benefit of the members, their wives, sweethearts, etc.

It is needless to add that this function, like all others under the auspices of the Knights of Pythias, will be up-to-date in every respect. The last supper, which was only a lodge affair given complimentary by the officers, was one of the most enjoyable affairs ever held in this city, and when it comes to entertaining the ladies Mount Vernon may be depended upon for something extra. It was unanimously decided that Knight M. B. Saunders is to manage the culinary department, which means at the beginning something extra good, as he is one of the best in the country in this direction.

This supper will be held some time during February, probably about the 16th.

Pointer Dog Lost.

W. R. McKinstry has had the misfortune of losing his fine pointer dog, Queen, which was stolen or strayed from his home Wednesday night. The animal, which is a white and liver color with liver ears, is very fine, costing originally $125 as a puppy. Naturally the owner is very anxious about the mysterious disappearance of the dog.

Death at Kanapaha.

H. LaFayette, the infant son of Mr. and Mrs. W. H. Tinsley, died at the home of his parents at Kanapaha, Wednesday morning of cholera infantum. The funeral was held at Kanapaha cemetery Thursday, and was attended by a great many friends, who extend sympathy to the parents in their hour of bereavement.

A NEW SAW MILL.

Mayor Prator of Micanopy Expects to Soon Engage in New Enterprise.

Among the prominent out-of-town folks who visited Gainesville yesterday was J. H. Prator, mayor of Micanopy and an all-round energetic business man of that progressive town.

Mr. Prator has been for some time operating a grist mill of good capacity in Micanopy, which has been a great convenience to the good people of that section. He has been making a good thing, financially, out of this venture recently, but decided to engage in the manufacture of lumber, with the result that he will soon establish a saw mill of about 10,000 feet capacity per day, from which he will at least satisfy the local demand.

The Micanopy country is growing very rapidly, which led Mr. Prator to the conclusion that the manufacture of lumber would prove profitable. He consequently ordered a plant, and as soon as it became known he secured sufficient orders in advance to keep him busy for several weeks.

SAD DEATH AT MICANOPY.

Mrs. W. H. Sanders Passes Away. Miss Belle Chitty Quite Ill.

The sad news of the death of Mrs. W. H. Sanders of Micanopy, on Tuesday evening, January 24th, 1905, was received in this city Wednesday morning. She had been sick only a short time, the cause of her passing away being typhoid pneumonia. Deceased was one of the old and highly respected residents of that section and her death has caused much sorrow and regret. She was the mother of Mrs. W. C. Johnson and leaves two other children besides her sorrowing husband to mourn her loss. We have no particulars at hand regarding the funeral.

Miss Belle Chitty of Micanopy, sister of the Chitty brothers of this city, is suffering from a serious attack of erysipelas in the face. She has the sympathy of her many kind friends in her affliction.

A Colored Marriage.

His Honor Judge Mason, judge of the county court, has experienced some dull times recently, but occasionally some wooing couple will give him business in the form of a marriage license—and sometimes he is requested to perform the ceremony which demands a mutual understanding between a man and woman for life—which means that the genial Judge at least makes sufficient fees to insure keeping body and soul together.

The latest ceremony to be performed by Judge Mason was that of Elvin Ferguson and Mollie Hall of Jonesville, who came to the city Wednesday for the express purpose of joining their fates and securing a legal permit to place their shoes and other clothing together.

"Is dis de place where yer gits married?" queried the prospective groom, as he placed his black head through the crack of the door.

"It sho' am," replied the Judge, with an idea that there would be something doing in the matrimonial line.

At this assurance the couple entered into the presence of the Judge, secured the license, and were subjected to the ceremony which provided that Mollie was to do all the washing, keep the beds made up and perform other household duties, while her husband was hustling for a living.

"Married life is sho' sweet," remarked the groom, as he leaned gently over the shoulder of his bride and complied with the Judge's request to salute. It is to be hoped that he will find the journey over the matrimonial sea one of contentment, with no squalls to interrupt his happiness and bring him on the night watch.

How the Freeze Happened.

H. E. Benson, the carriage and wagon man who has been in the business in this city for many years and who is well known here, has a reason for the cold snap which is now upon us.

While talking with a crowd of gentlemen at the corner of West Main and Liberty streets yesterday upon the coming cold snap, which was getting "colder and colder every minute," as one expressed himself, Mr. Benson abruptly explained:

"I know the reason of this cold. Some d——n Yankee has left the door open."

This reason was apparently satisfactory, and Mr. Benson held honors until L. A. Jernigan came upon the scene and explained why his dog's tongue was split.

DON'T NEGLECT A COLD.

Neglected Colds Lead to Consumption.

PE-RU-NA CURES COLDS AND COUGHS.

How Pretty Miss Powell Was Restored to Health by Pe-ru-na.

Miss Lillian Powell, Aurora, Ind., writes:

"Last spring I caught a severe cold from getting my feet wet and being out in the rain, and in a day I had a most miserable cold, but I neglected it, thinking it would soon leave me. But it hung to me for two weeks, when I felt something must be done, as my condition was serious.

"I had heard so much about Peruna and in its praise that I bought a bottle and began taking it regularly. I was gratified to find that in a week the cold and cough was broken up, and three weeks' treatment completely restored my usual good health."—Lillian Powell.

How Consumption Develops.

Nine cases of consumption out of ten occur in this way:

A person catches cold. The cold is not properly cured, and another cold is caught.

This cold is dilly-dallied with, either by no treatment whatever or some treatment that is ineffectual, and the cold continues.

Then another cold is caught and a cough develops. Cough syrups are resorted to, but they give only temporary relief.

By and by the patient gets tired of taking medicines and cough syrups and gives up in despair.

The cold continues to develop and the cough grows worse.

Then the doctor is called in, only to discover that the patient is in the first stages of consumption.

It was just in this way that Miss Powell, of Aurora, Ind., became sick. She caught a cold, and not considering it serious, neglected it, thinking as many others do, that it would "wear off."

However, it clung to her tenaciously, and in two weeks she found her health in a serious condition.

Fortunately, Peruna had been brought to her notice, and she took a course of this remedy before it was too late.

In a week the cough and cold were broken, and a three weeks' treatment completely restored her to health.

This is what Peruna is doing all the while. Not a day, and probably not an hour passes in which some one does not have a similar experience with Peruna.

Cure the Slight Colds and Avoid Consumption.

The first step toward consumption is a cold. The next step is a failure to cure it promptly. The third step is the development of catarrh, which gradually becomes chronic. The fourth step, the catarrh begins to spread from the head to the throat, then to the bronchial tubes, and finally into the lungs. It is then consumption in the first stage.

At any time during the progress of catarrh, from the first onset of the cold to its final settlement in the lungs, Peruna can be relied upon to stop the disease. If you have taken a cold, buy Peruna without delay. One bottle in the beginning will do more good than a half dozen bottles after the catarrh has fastened itself on the lungs.

Thousands of Testimonials.

We have on file thousands of testimonials from people who have been cured of catarrh of the lungs by Peruna. We can give our readers only a slight glimpse of the vast array of unsolicited endorsements we are receiving every month. No other physician in the world has received such a volume of enthusiastic letters of thanks as Dr. Hartman for Peruna.

NEW VISITORS ARE BEING BOOKED DAILY

Indications Are There Will Be Large Crowds at Conference.

ACCOMMODATIONS WANTED.

Secretary Bayer Says a Great Many Have Complied With Request Through The Sun, But More is Desired—People Must be Housed.

"I'll tell you, advertising is all right," remarked Secretary Ferdinand Bayer of the Florida Winter Bible Conference to The Sun reporter a day or two ago, in referring to the article in a recent issue of this paper appealing to those who had rooms and could accommodate visitors to the Conference to notify Mr. Bayer at once.

Secretary Bayer states that a great many complied with his request to inform him of accommodations, but that more are needed. "We are going to have a big crowd," he said, "and if we cannot find accommodations for them it will be a question of 'move on.' We would very much dislike to have people come here, fail to find accommodations, and go to some other point with the statement that Gainesville could not accommodate them."

Mr. Bayer is receiving dozens of letters daily inquiring for accommodations, rates, etc., and those having room should so inform him at the earliest possible moment, that he may answer these inquiries intelligently.

While the Conference and Chautauqua was well attended last year, indications are that the crowd the coming season will be much larger, as the affair has been widely advertised and the interest has been deep. The Conference will open Sunday, February 5th, and last for two weeks. It will be followed by a two-weeks' session of the Christian Workers' Institute, after which the Chautauqua will hold the boards for a couple of weeks, making six weeks of refined enjoyment to those who come. Exceedingly low rates have been granted upon these occasions from all points in Florida, with liberal extensions, which will no doubt attract a large crowd here.

MACHINERY IS EXPECTED.

As Soon as Machinery Arrives Work on Object Lesson Road Will Begin.

The government good roads machinery, which has been ordered to Gainesville to construct a mile of object lesson road, is expected daily, and as soon as this machinery arrives work will begin.

The route or section of road to be constructed has not yet been definitely decided upon, but it is believed that it will be on the North Gainesville and Paradise road, that being the thoroughfare needing the greatest attention at this time. Other hard roads have been constructed leading from Gainesville in various directions, but so far this road has been neglected, and it is more than likely that the mile will be used there.

It is not known who will be sent with this machinery, but Hon. Martin Dodge, director of the good roads department at Washington, and who is now in Florida, states that he would like to come here personally. Senator Dodge attended a good roads meeting in this city about four years ago, at which time he was treated so royally by our people that he has never forgotten them, and recently told Dr. T. F. Thomas, ex-chairman of the Board of County Commissioners, that he wanted to come here again, and felt that this would be a good opportunity.

No further information other than the matter would be considered, has been received from the government regarding the construction of the object lesson street, proposed by the City Council and the Gainesville Board of Trade, but it may be possible that the street will be constructed while the government machinery is here.

Card of Thanks.

We desire to publicly thank those who aided Kirby Smith Chapter, U. D. C., in making a success of the supper and market booths at the opera house on the 20th inst., especially the non-members who assisted in the work and rendered such valuable service in serving the refreshments; also for the use of the opera house and various articles furnished by merchants, and all others who in any way contributed to the success of the entertainment. These friends can rest assured that their kindness will ever be remembered by our chapter collectively and individually.

Allen Goolsby and Two Boys Start on a Search for a New Home.

Allen Goolsby and his son, Walter, and grandson, Harris Malphurs, were in the city from Monteocha Tuesday.

This trio are starting out on a peculiar journey, for they do not know just what their destination will be. Mr. Goolsby recently sold his home and farm at Monteocha, and, possessed with a desire to cast his fortune further South, has gone on a prospecting tour. With a view to comfort he fitted up a covered wagon, filled it with bedding and other necessaries, and started out. He has no particular destination, but passed through the city with his two companions bound south. He states that the first locality he enters where he thinks he will be satisfied, he will "pitch camp and cast about." He is greatly interested in the vicinity of Wauchula, DeSoto county, however, and may eventually make that his southern terminal.

ARE MAKING PROGRESS.

Hospital Building Committee Are Working to Raise Subscriptions.

The building committee of the Alachua County and Gainesville Hospital Association, of which Dr. J. Harrison Hodges is chairman, is using every effort in the matter of raising funds by subscription for the proposed building, which will be a public charity hospital, modern in every respect. While a great many have subscribed liberally, there are others who have not shown the inclination by assisting in this worthy cause. It has been impossible for the committee to make a personal visit to everyone, and The Sun is requested to state that those desirous of contributing or becoming a member of the Association may secure full particulars upon application to the committee. Those who have contributed and who have not yet paid their subscriptions may remit to Dr. Benj. P. Richards, treasurer of the Association.

HAS RECEIVED ENGINE.

Manager Callison of Spring Park Farm Will Soon Get Busy.

Manager N. A. Callison of the Spring Park Stock Farm Company was in the city Tuesday.

Mr. Callison came for the purpose of superintending the unloading and delivery of the new fifteen horse-power Fairbanks gasoline engine, which was ordered for use on the farm. The engine is a rotary of the latest and most modern pattern, and will be used to great advantage, since it is the purpose of the company to make all its own stock feed, etc.

Manager Callison states that he has received and is placing in position a fine grist mill. He has also received other modern machinery in the form of feed mills, cane mills, etc., and in a short time Spring Park Farm will be up-to-date in this respect.

PRODUCE AND SAVE
YOUR MEAT

For the information of those who desire to have their hog meat cured in our cold storage we recommend the following method of preparation:

As soon as the butchered animal has cooled down, cut up and trim to perfect shape, leaving chine bones on hams, and blade bones on shoulders; salt in the usual manner, using not more than 10 pounds salt, 2 ounces brown sugar, 2 ounces saltpeter and 1 ounce red pepper to each 100 pounds of meat. It should reach the cold storage not later than three days after so prepared. If any additional salt is needed after reaching us, we will supply it. Leave in cold storage 45 to 60 days, according to size of meat. After taking from cold storage wash in warm water and dry, then wrap or sew up closely in muslin, so as to prevent attacks from flies or other insects; hang up and smoke at intervals for three weeks. It will take smoke perfectly through the muslin. Green hickory wood makes the best smoke. When dry, take down and pack in boxes, a layer of out straw, then one of meat, etc., and you will have as fine meat as can be produced, until following season.

Parties having railroad facilities may with perfect safety ship by freight and have it returned same way. Mark plainly to us and also your name on box or barrel and mail us bill of lading. Prepay freight at shipping point. Our charge for storage is one cent per pound for one month. We also wish to buy hogs dressed. We solicit patronage in perfect confidence to give entire satisfaction, and feel that our enterprise is of the greatest benefit to the farmer. Yours for home-made meat,

WEST FLORIDA LAND IS IN A MUDDLE

Over a Million Acres Tied Up by Recent Decision of Judge Locke.

WILL GO TO U. S. COURT

This Fertile Property Was Traded Under Spanish Rule to White Men by Indians Who Had Robbed Their Stores, Which Brings Complications.

The United States land office in this city has received instructions to permit no further entries of certain sections of land in Washington and Calhoun counties, between the Apalachicola and Choctawahatchie rivers, West Florida, pending decision of United States Supreme Court. This instruction came from the general land office at Washington, and was prompted by recent developments in the United States Court for the Southern District of Florida, Judge Locke presiding.

The tract comprises more than a million acres, and is among the most fertile of the lands of West Florida, producing abundant crops where cultivated.

The history of this land is an interesting one. It dates away back to 1792, and has a beginning which now proves of great importance to the people of this country, inasmuch as several thousand acres of the land has already been homesteaded under the law, the lands have been granted and the government will likely be in a quandary as to how to dispose of the question.

Judge Locke of the United States Court, Southern District of Florida, recently confirmed a private claim of John Forbes & Co. for these lands, which were secured through trades with the Indians and subsequent confirmation by the Spanish government, through the governor of West Florida.

The Forbes Purchase grew out of Indian robberies. The firm of Panton, Leslie & Co. of Pensacola, of whom John Forbes & Co. were the surviving partners and successors, established a branch store at Apalachy, on the Apalachicola River, which was robbed in 1792 and again in 1800 by a party of freebooting Indians under the leadership of the notorious William Augustus Bowlegs. Indian traders also contracted many and heavy debts with the store. In order to settle these claims the Indians (the Tallapoosas, Seminoles and Lower Greeks) joined in a sale of the lands in question to Forbes & Company, which sale was confirmed by the Spanish governor of West Florida.

BRADFORD COUNTY ROMANCE.

Two Popular Young People Drive Sixteen Miles to be United.

The story of a happy romance comes from Lake Butler, a progressive town of Bradford county, which terminated in the marriage Friday night of James Walker and Miss Florrie Douglass, two prominent young people of that section.

Miss Douglass, who has just turned the happy period of her sixteenth birthday, was evidently very deeply infatuated with her young lover, but there seemed to be some objection to the match; not because of any moral reasons, or for any reason that Mr. Walker was not worthy of his bride, however, but the objection it is understood was founded upon the youthfulness of the young lady.

But love will find a way. It is a true saying that love laughs at locksmiths, and notwithstanding the match had been forbidden, the young lady, by her shrewd manner, continued to meet the man of her choice, with the result that they finally decided to cast their matrimonial fortunes together.

On Friday evening Miss Douglass gave a party complimentary to her friends at the home of her brother, Lacy Douglass, near Lake Butler. The young lady being quite popular, there were a great many present, and while the evening was being pleasantly spent and all was gaiety, Mr. Walker secured a carriage, took the young lady in and drove rapidly to Starke, a distance of sixteen miles, where the much desired marriage ceremony was performed.

The young couple returned to Lake Butler the following day, were taken again into the threshold, and forgiven.

Mr. Walker is one of Lake Butler's most popular young men. He has been for some time employed by the Lake Butler Carriage Works, and stands very highly in the estimation of that concern. The bride is a daughter of W. W. Douglass, a prominent and successful farmer of the Lake Butler section.

The inventor of the famous "TERRELL SCRAPE," a man known wherever plows are sold and used, says:

"I have used MOZLEY'S LEMON ELIXIR for 10 or 12 years in my family for the stomach, liver and kidneys, and find it is the best medicine I have ever used. It is also a sure specific for pain in the back or under the shoulders. I have recommended it in numerous cases to my workmen, when sick and unable to work, and it has always given perfect satisfaction. H. D. TERRELL, President Atlanta Plow Co., Atlanta."

RED CROSS IN SORE STRAITS.

Captain of Japanese Cruiser Tells How Russians Sunk Ship.

Victoria, B. C., Jan. 24.—The steamer Athenian, which arrived from the Orient, brought among her passengers Dr. Clampke, an eminent surgeon, who will offer his services to the Russian medical corps without success. He tells of such peculiation and a sad state of hospital and Red Cross arrangements with the Russians. The Athenian brings news of the sinking of the Japanese cruiser Saatyen off Port Arthur. Comander Ukoda, second in command, who survived, gave the following narrative:

"The saiyet was struck by a mine and in two minutes listed to her starboard side and began going down fast. Captain Tajima remained on the bridge refusing the assistance and rejecting remonstrances of officers to take to the boats. When the vessel sank the captain and 13 sailors, together with 140 petty officers and men were engulfed in the waves.

As the Saiyen foundered the Russians poured a merciless fire on her from Katiosha and the rescue by Japanese warships was made difficult.

The work was continued ten hours but no trace was seen of the captain and others.

Important Business Change.

An important business change is announced from Brooker, Bradford county, J. McKay Alfred & Co. having purchased the naval stores interests of A. B. Shaw. This farm comprises twenty crops, or two hundred thousand boxes, and is one of the most extensive and most successful in that section. Aside from the naval stores farm, the company will conduct a large commissary which will supply the necessities of life not only to the employes, but to many of the residents of Brooker and vicinity.

Your Life Current.

The power that gives you life and motion is the nerve force, or nerve fluid, located in the nerve cells of the brain, and sent out through the nerves to the various organs.

If you are tired, nervous, irritable, cannot sleep; have headache, feel stuffy, dull and melancholy, or have neuralgia, rheumatism, backache, periodical pains, indigestion, dyspepsia, stomach trouble, or the kidneys and liver are inactive, your life-current is weak.

Power-producing fuel is needed; something to increase nerve energy—strengthen the nerves.

Dr. Miles' Restorative Nervine is the fuel you need. It feeds the nerves, produces nerve force, and restores vitality.

"When I began taking Dr. Miles' Restorative Nervine and Anti-Pain Pills I was confined to my bed. I had severe nervous spells, the result of two years illness with malaria. I gradually grew so weak that I was unable to sit up. The spells would commence with cold chills, and I would become weak and almost helpless. My circulation was poor. I had doctored right along but grew weaker and weaker. The Nervine seemed to strengthen me right away and my circulation was better. I have taken in all seven bottles of the Nervine, and I am entirely well."
ROSA E. WEAVER, Stuarts, Ill.

Dr. Miles' Nervine is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

THE FELT SYSTEM IS A FINE THING

First Car Reached New York in Excellent Condition.

WAS FILLED WITH LETTUCE

The Product Was Crisp and Fine, and Commanded Ready Prices in the Market—Second Car Was Shipped Monday—System a Fine Success.

The first carload of truck by the felt car system, recently adopted by the Gainesville and Gulf Railroad, the Georgia Southern and Florida, the Southern, and Pennsylvania railroads, has been received in New York markets, and the contents were in first-class condition and realized good prices.

The first car left Fairfield Thursday night of the past week, and, in accordance with the promise made by the management of the system, reached New York early Monday morning, being a little more than three days en route. The car contained 425 baskets of lettuce, and the product upon its arrival at destination was bright, green and crisp. It did not show the effects of the average express shipment, but resembled more the transportation of goods under refrigerator system, being as fresh and crisp as if it had just been cut from the farm.

The felt system of shipping, while new on the Gainesville and Gulf and the connecting lines to New York, is by no means a new thing, hence is no experiment. The arrangement of the cars is one of absolute safety to vegetation or other perishable products. It was worked successfully on the Seaboard and other lines, but for some reason was abandoned. It saves the grower a great deal on the cost of transportation in the matter of refrigeration—something in the neighborhood of twenty-five cents a package, according to statistics.

The second felt car left Fairfield Monday night, and is expected to arrive in New York Friday morning. This car comprised 365 baskets of lettuce.

W. P. Glover of Valdosta, Ga., and A. O. Dawson of Jacksonville, commercial agents of the Georgia Southern and Florida, are in this territory for a few days looking after the shipments.

Ripley, Tenn., June 1, 1901.

Dr. E. W. Hall, St. Louis Mo.—Dear Sir: Having tried various remedies without satisfactory results, I was persuaded to give your "Texas Wonder" a trial. I have used one bottle, and although my case is one of long standing that baffled the skill of the best physician, yet it yielded at once to "The Texas Wonder," which I heartily recommend to all suffering from kidney and bladder troubles.

Yours truly,
W. H. BRUTON,
Pastor Baptist Church, Ripley, Tenn.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 620, St. Louis, Mo. Send for testimonials. Sold by all druggists.

C. W. Bauknight and S. T. Fleming, two prominent business men of Archer, were among those who favored Gainesville with a visit yesterday.

Mrs. Nickell and two children of West Virginia have arrived in the city, and will spend a few weeks in North Gainesville as the guests of Mrs. O. B. Johnson.

W. S. Roberts of LaCrosse, a successful merchant of that place, was transacting business in this city yesterday. Dr. Roberts reports a good trade during the fall season.

Misses Claudia McRae, Maude Coward and Nettie Huffman, three charming young ladies of Melrose, were visitors to this city yesterday, having come to consult Dr. Alderman in regard to some dental work.

The Daughters of Rebekah are contemplating a grand time at their supper, February 3rd. They will consider the matter of serving refreshments on the European plan and the menu cards will contain the delicacies of the season.

Captain C. H. Seawell of Marion, Ala., who has been visiting his son and daughter, F. R. Seawell and Mrs. John Flewellen, in this city, has gone to Dade City, where he will spend a few days with relatives. He expects to stop here en route home.

To the Public: I understand a former employe of The Sun is taking your final proof notices and placing them in another paper at $2.50. My charge for these notices is $2. You are therefore paying this man 50c more than I charge. H. H. McCREARY.

C. D. Schafer, the marble cutter, has a billiard ball which he made of genuine Italian marble, and which he considers quite a masterpiece. The time required to make this ball has been nearly six months, but Mr. Schafer has worked only at odd moments.

W. T. McLendon, the extensive melon grower of Alachua, was among the visitors to this city yesterday. Mr. McLendon has always had remarkable success with his melons. His products are always fine and bring good prices in the markets of the North. He expects to put in the usual acreage the coming season.

After spending several days in this city as the guest of his son, Dr. Herzog, Sr., departed yesterday for White Springs, where he will sojourn for a while at the Hamilton before returning to his home in Philadelphia. Notwithstanding his stay here was brief as compared with other seasons, he enjoyed it very much, and hopes to return early next winter.

Mr. and Mrs. C. H. Beall of Uniontown, Pa., who have been sojourning in this city for the past few days, departed yesterday for Daytona, where they will take in the automobile races. From Daytona Mrs. Beall will proceed to her home, but her husband expects to return here and join the Uniontown hunting party at Palmer, of which he is an enthusiastic member.

After several days spent in this city C. H. Massie, the clever special agent of the Frisco Lot and Improvement Company departed for his home in Fayetteville, Ark., yesterday. Mr. Massie has been representing a couple of newly incorporated towns in Oklahoma, both of which are growing rapidly, and managed to dispose of thirty lots to prominent citizens and business men here who have confidence in Oklahoma's future.

THE SECTION IS GOOD

But Ex-Justice Barnes is Yet Partial to Good Old Alachua County.

A letter just received from R. E. Barnes, formerly of Orange Heights but who has decided to locate for the present at Oscar, Santa Rosa county, writes The Sun as follows:

"Please send me The Sun to Oscar, Florida, as I am located in Santa Rosa county. I like the country very well, as it is healthy and dry. Of course I do not like this section as well as dear old Alachua county, but will remain here anyway for an indefinite period, and may 'grow up with the country.'"

Cuba.

For bargains in real estate lands in the different parts and provinces in Cuba, it will be well to see J. R. Smith of Trenton, Fla., who is in a position to make it to your interest, and can secure special reduced rates to and from the steamship transportation companies and on the Cuban Western railroad for prospecting or immigrating purposes. d1w3t
